

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Lauer
DOCKET NO.: 19-44911.001-R-1
PARCEL NO.: 13-23-225-001-0000

The parties of record before the Property Tax Appeal Board are Daniel Lauer, the appellant, by attorney Ellen G. Berkshire, of Verros Berkshire in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,910
IMPR.: \$32,224
TOTAL: \$38,134

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family building of frame exterior construction with 2,352 square feet of building area. The building is approximately 63 years old with a concrete slab foundation and a 1-car garage. The property has a 3,694 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject and from 1.2 to 1.4 miles from the subject. The comparables are improved with class 2-11, two-story, multi-family buildings of frame exterior construction ranging in size from 2,058 to 2,630 square feet of building area. The buildings range in age from 96 to 128 years old. Each comparable has a

basement, one of which is finished with an apartment. Two comparables each have central air conditioning, and three comparables have either a 1-car or a 1.5-car garage. The comparables have improvement assessments ranging from \$21,900 to \$25,728 or from \$9.33 to \$10.64 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$23,661 or \$10.06 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,134. The subject property has an improvement assessment of \$32,224 or \$13.70 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code as the subject and within the "subarea" or .25 of a mile of the subject. The comparables are improved with class 2-11, two-story, multi-family buildings of frame exterior construction ranging in size from 1,802 to 2,236 square feet of building area. The buildings range in age from 62 to 107 years old. Two comparables have concrete slab foundations, and two comparables have basements, one of which is finished with a recreation room. Each comparable has either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$26,648 to \$34,411 or from \$14.79 to \$15.93 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparables #2 and #4 due to differences in their location, age, foundation type, and/or other features when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 and #3. These comparables are similar more similar to the subject in age, building size, foundation type and other features. These two comparables have improvement assessments of \$33,500 and \$33,905 or \$15.57 and \$15.16 per square foot of living area, respectively. The subject's improvement assessment of \$32,224 or \$13.70 per square foot of living area falls below the improvement assessments of the two best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
