

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bradley Metzinger  
DOCKET NO.: 20-04631.001-R-1  
PARCEL NO.: 11-28-206-001

The parties of record before the Property Tax Appeal Board are Bradley Metzinger, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$48,164  
**IMPR.:** \$113,029  
**TOTAL:** \$161,193

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,717 square feet of living area. The dwelling was built in 1977. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a garage with 598 square feet of building area. The property has an approximately 10,200 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject property and located within 0.26 of a mile from the subject. The comparables have sites that range in size from 8,700 to 13,310 square feet of land area. The

comparables are improved with 1-story<sup>1</sup> or 2-story dwellings of wood siding exterior construction ranging in size from 2,182 to 2,759 square feet of living area. The homes were built from 1976 to 1983. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a garage ranging in size from 462 to 558 square feet of building area. The properties sold from July 2019 to July 2020 for prices ranging from \$387,500 to \$500,000 or from \$160.24 to \$188.68 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$145,640 which reflects a market value of \$436,964 or \$160.83 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$161,193. The subject's assessment reflects a market value of \$484,208 or \$178.21 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales with the same assessment neighborhood code as the subject property and located within 0.31 of a mile from the subject. The comparables have sites that range in size from 9,620 to 13,310 square feet of land area. The comparables are improved with 1-story<sup>2</sup> or 2-story dwellings of wood siding exterior construction ranging in size from 2,556 to 2,820 square feet of living area. The homes were built from 1977 to 1983 with comparable #5 having an effective year built of 1991. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 462 to 506 square feet of building area. The properties sold from July to October 2020 for prices ranging from \$495,000 to \$565,000 or from \$188.50 to \$221.05 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be sustained.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparable sales, which includes one sale common to both parties, for the Board's consideration. The Board gives less weight to the appellant's comparable #3 which is less similar to the subject in dwelling size than the other comparable in this record.

---

<sup>1</sup>The appellant's comparable #3 was reported to be a 1-story dwelling but its above ground living area exceeds its ground floor living area, suggesting that this comparable may be a part 2-story dwelling.

<sup>2</sup> The board of review comparable #3 is reported to have ground floor area of 480 square feet and above ground floor area of 2,820 square feet, suggesting the dwelling is part 2-story.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are more similar to the subject in location, design, age, dwelling size, and features. The properties sold from October 2019 to October 2020 for prices ranging from \$399,999 to \$565,000 or from \$160.24 to \$221.05 per square foot of living area, land included. The subject's assessment reflects a market value of \$484,208 or \$178.21 per square foot of living area, land included, which falls within the range established by the best comparable sales in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's estimated market value as reflected by its assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
