

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Coronelli  
DOCKET NO.: 20-04633.001-R-1  
PARCEL NO.: 11-21-311-003

The parties of record before the Property Tax Appeal Board are William Coronelli, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$56,663  
**IMPR.:** \$70,691  
**TOTAL:** \$127,354

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 1,972 square feet of living area. The dwelling was built in 1975. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 441 square foot garage. The property has an approximately 11,470 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject property and located within 0.27 of a mile from the subject. The comparables have sites that range in size from 9,660 to 13,530 square feet of land area. The properties are improved with 2-story dwellings of wood siding exterior construction ranging in size from 1,948 to 2,263 square feet of living area. The homes were built from 1972 to 1975.

Each comparable has an unfinished basement, central air conditioning, one fireplace, and a garage that ranges in size from 431 to 482 square feet of building area. The properties sold from March 2019 to June 2020 for prices ranging from \$340,000 to \$425,000 or from \$150.24 to \$187.80 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$120,050 which reflects a market value of \$360,186 or \$182.65 per square foot of living area when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$127,354. The subject's assessment reflects a market value of \$382,559 or \$194.00 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located within 0.35 of a mile from the subject property and with three these comparables having the same assessment neighborhood code as the subject. The comparables have sites that range in size from 11,060 to 13,490 square feet of land area. The properties are improved with 2-story dwellings of wood siding exterior construction ranging in size from 1,948 to 2,263 square feet of living area. The homes were built from 1970 to 1975. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a garage that ranges in size from 410 to 482 square feet of building area. The properties sold from January 2019 to August 2020 for prices ranging from \$410,000 to \$460,000 or from \$193.11 to \$236.14 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable sales for the Board's consideration. The Board finds the parties' comparables to be similar to the subject in location, design, age, dwelling size, and most features. The properties sold from January 2019 to August 2020 for prices ranging from \$340,000 to \$460,000 or from \$150.24 to \$236.14 per square foot of living area, land included. The subject's assessment reflects an estimated market value of \$382,559 or \$194.00 per square foot of living area, land included, which falls within the range established by the comparable sales in this record. Based on the record and after considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's estimated market value as reflected by its assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
