

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tom Buchta
DOCKET NO.: 20-04634.001-R-1
PARCEL NO.: 11-21-416-040

The parties of record before the Property Tax Appeal Board are Tom Buchta, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$56,663
IMPR.: \$87,716
TOTAL: \$144,379

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,144 square feet of living area. The dwelling was built in 1969. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a garage with 431 square feet of building area. The property has an approximately 11,300 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located within 0.19 of a mile from the subject, each of which have the same assessment neighborhood code as the subject property. The comparables have sites that range in size from 10,010 to 12,580 square feet of land area. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,126 to 2,731 square feet of living area. The homes were built from 1968

to 1970. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 400 to 711 square foot garage. The properties sold from February 2019 to July 2020 for prices ranging from \$350,000 to \$440,000 or from \$161.11 to \$166.98 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$123,385 which reflects a market value of \$370,192 or \$172.66 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$144,379. The subject's assessment reflects a market value of \$433,701 or \$202.29 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located within 0.77 of a mile from the subject, one of which has the same assessment neighborhood code as the subject property. Board of review comparable #1 is the same property as the appellant's comparable #4, however, the board of review reported a second sale for this property which was not disclosed by the appellant. Comparable #1 has a site with 12,230 square feet of land area. The comparables are improved with 2-story dwellings of wood siding or wood siding and brick exterior construction ranging in size from 2,126 to 2,380 square feet of living area. The homes were built from 1950 to 1993 with comparable #4, the oldest comparable, having an effective year built of 1993. Each comparable has an unfinished basement, central air conditioning, and a garage ranging in size from 410 to 720 square feet of building area. Three comparables each have one fireplace. The properties sold from September 2019 to December 2020 for prices ranging from \$448,000 to \$530,000 or from \$201.68 to \$244.58 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparable sales for the Board's consideration, which includes two sales for the common comparable. The Board gives less weight to the appellant's comparables #2, #3, and #5 which differ from the subject in dwelling size. The Board gives less weight to board of review comparables #2, #3, and #4 which differ from the subject in age/effective age.

The Board finds the best evidence of market value to be the parties' remaining comparables which includes two sales of the common comparable. The two comparables are similar to the subject in location, design, age, dwelling size, and features. The properties sold from February

2019 to December 2020 for prices ranging from \$350,000 to \$448,000 or from \$164.63 to \$210.72 per square foot of living area, land included. The subject's assessment reflects a market value of \$433,701 or \$202.29 per square foot of living area, land included, which falls within the range established by the best comparable sales in this record. Based on this record, the Board finds a reduction in the subject's estimated market value as reflected by its assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
