

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carter Korey
DOCKET NO.: 20-27808.001-R-1
PARCEL NO.: 14-29-207-024-0000

The parties of record before the Property Tax Appeal Board are Carter Korey, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,570
IMPR.: \$38,556
TOTAL: \$59,126

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family building of frame exterior construction with 2,659 square feet of building area. The building is approximately 35 years old and has a basement finished with an apartment. Features include central air conditioning, one fireplace, and a two-car garage. The property has a 3,025 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-11 buildings of frame or masonry exterior construction ranging in size from 3,408 to 4,373 square feet of building area. The buildings are either 119 or

130 years old. The comparables each have a basement finished with apartments, central air conditioning, and a two-car garage. The comparables have improvement assessments ranging from \$36,914 to \$55,420 or from \$10.72 to \$12.67 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$30,339 or \$11.41 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,126. The subject property has an improvement assessment of \$38,556 or \$14.50 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-11, two-story, multi-family buildings of frame exterior construction ranging in size from 3,377 to 4,452 square feet of building area. The buildings are either 120 or 130 years old. Each comparable has a basement, two of which are finished with apartments. Two comparables each have central air conditioning and a two-car garage. One comparable has four fireplaces. The comparables have improvement assessments ranging from \$52,487 to \$68,691 or from \$15.43 to \$19.44 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds neither party submitted comparables truly similar to the subject due to their considerably older age and larger building sizes. Nevertheless, these comparables have improvement assessments ranging from \$10.72 to \$19.44 per square foot of building area. The subject's improvement assessment of \$14.50 per square foot of building area falls within the range established by the comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
