

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brandon Vahl
DOCKET NO.: 20-27839.001-R-1
PARCEL NO.: 14-18-312-002-0000

The parties of record before the Property Tax Appeal Board are Brandon Vahl, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,760
IMPR.: \$38,700
TOTAL: \$53,460

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,398 square feet of living area. The dwelling is approximately 115 years old, has an unfinished basement, central air conditioning, and a 2-car garage. The property has a 3,075 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,288 to 1,800 square feet of living area. The dwellings range in age from 118 to 138 years old. Each comparable has an unfinished basement, central air conditioning and either a

2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$31,531 to \$46,176 or from \$21.91 to \$26.09 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$33,175 or \$23.73 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,693. The subject property has an improvement assessment of \$40,933 or \$29.28 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables that are located within the same neighborhood code as the subject. The comparables are also located on the same block and/or same street as the subject. The comparables are improved with class 2-03, 1.5-story dwellings of frame exterior construction ranging in size from 1,250 to 1,799 square feet of living area. The dwellings range in age from 114 to 125 years old. Each comparable has a basement, three of which have finished area. Three comparables each have central air conditioning, and three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$37,843 to \$62,689 or from \$29.87 to \$34.85 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends improvement assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparable #1 due to differences in their dwellings' size or age when compared to the subject dwelling.

The Board finds the best evidence of assessment equity to be the board of review comparables #2 through #4. These comparable are located on the same block and street as the subject and are also similar to the subject in dwelling size, age, and foundation type. However, these comparables require varying adjustments for differences to the subject in other features including a finished basement area and/or lack central air conditioning or a garage. These three comparables have improvement assessments ranging from \$37,843 to \$39,659 or from \$29.87 to \$31.73 per square foot of living area. The subject's improvement assessment of \$40,933 or \$29.28 per square foot of living area falls above the range established by the best comparables in the record on an overall improvement assessment basis and within the range on a per-square-foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
