

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gary Smith
DOCKET NO.: 20-27853.001-R-1
PARCEL NO.: 14-18-415-019-0000

The parties of record before the Property Tax Appeal Board are Gary Smith, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,840
IMPR.: \$26,361
TOTAL: \$45,201

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family building of masonry exterior construction with 2,388 square feet of building area. The building is approximately 115 years old. Features of the building include a full unfinished basement, two fireplaces, and a two-car garage.¹ The property has a 3,925 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

¹ The Residential Appeal petition disclosed in Section III that the home lacks central air conditioning but in Section V reported the dwelling has central air conditioning. The board of review reported the subject lacks central air conditioning which was not refuted by the appellant. Thus, the Board finds that the subject dwelling lacks central air conditioning feature.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-11 buildings of masonry exterior construction ranging in size from 2,478 to 3,584 square feet of building area. The buildings range in age from 110 to 125 years old. The appellant reported that each comparable has an unfinished basement, central air conditioning and a two-car garage. The comparables have improvement assessments ranging from \$24,893 to \$35,176 or from \$9.20 to \$10.05 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$23,116 or \$9.68 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,201. The subject property has an improvement assessment of \$26,361 or \$11.04 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-11, multi-family buildings of masonry exterior construction ranging in size from 2,626 to 2,970 square feet of building area. The buildings range in age from 102 or 125 years old. Each comparable has a basement, two of which have finished area. Two comparables have either a two-car or a three-car garage. The comparables have improvement assessments ranging from \$28,387 to \$39,900 or from \$10.81 to \$13.43 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 through #3 as well as the board of review comparable #1 which are less similar to the subject in building size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, building size, age, foundation type, and some features. However, two comparables lack a garage, unlike the subject that has a two-car garage. These four comparables have improvement assessments of \$24,893 to \$34,026 or from \$10.05 to \$12.79 per square foot of building area. The subject's improvement assessment of \$26,361 or \$11.04 per square foot of building area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
