

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Julie Shabi
DOCKET NO.: 20-27857.001-R-1
PARCEL NO.: 14-28-317-055-0000

The parties of record before the Property Tax Appeal Board are Julie Shabi, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,148
IMPR.: \$64,532
TOTAL: \$90,680

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story townhome of masonry exterior construction with 2,100 square feet of living area. The dwelling is approximately 130 years old. Features of the home include a concrete slab foundation, two fireplaces, and a 2-car garage.¹ The property has a 2,179 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-10 property under the Cook County Real Property Assessment Classification Ordinance.

¹ The Residential Appeal petition disclosed in Section III that the home lacks central air conditioning but in Section V reported the dwelling has central air conditioning. The board of review reported the subject lacks central air conditioning which was not refuted by the appellant. Thus, the Board finds that the subject dwelling lacks central air conditioning feature.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-10 townhomes of masonry exterior construction ranging in size from 2,049 to 2,830 square feet of living area. The townhomes range in age from 125 to 130 years old. Each comparable has an unfinished basement and central air conditioning. Two comparables each have two fireplaces, and one comparable has a 4-car garage. The comparables have improvement assessments ranging from \$59,047 to \$80,631 or from \$27.63 to \$28.82 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$59,682 or \$28.42 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$90,680. The subject property has an improvement assessment of \$64,532 or \$30.73 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables that are located within the same neighborhood code and the same block as the subject. The comparables are improved with class 2-10, two-story townhomes of masonry exterior construction ranging in size from 2,112 to 2,616 square feet of living area. The townhomes are either 125 or 130 years old. Each comparable has an unfinished basement. Three comparables each have central air conditioning, three comparables each have from one to four fireplaces, and two comparables have either a 1-car or a 1.5-car garage. The comparables have improvement assessments ranging from \$64,944 to \$85,616 and from \$30.75 to \$32.73 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 through #3 as well as the board of review comparables #1 and #3 due to differences in dwelling size and/or lack of a garage when compared to the subject, which has a two-car garage.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are similar to the subject in dwelling size, age, foundation, and some features. These three comparables have improvement assessments ranging from \$59,047 to \$65,668 or from \$28.82 to \$31.09 per square foot of living area. The subject's improvement assessment of \$64,532 or \$30.73 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate

with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
