

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Josh Kantrow
DOCKET NO.: 20-27858.001-R-1
PARCEL NO.: 14-20-109-020-0000

The parties of record before the Property Tax Appeal Board are Josh Kantrow, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,332
IMPR.: \$46,638
TOTAL: \$58,970

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,349 square feet of living area. The dwelling is approximately 130 years old. Features of the home include an unfinished basement and central air conditioning. The property has a 1,927 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-03 dwellings of frame exterior construction ranging in size from 1,509 to 1,777 square feet of living area. The dwellings range in age from 120 to 138 years old. Each comparable has

an unfinished basement and central air conditioning. Two comparables each have one fireplace, and one comparable has a two-car garage. The comparables have improvement assessments ranging from \$48,118 to \$52,570 or from \$28.74 to \$33.19 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$42,035 or \$31.16 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$58,970. The subject property has an improvement assessment of \$46,638 or \$34.57 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-03, 1.5-story dwellings of frame exterior construction ranging in size from 1,255 to 1,278 square feet of living area. The dwellings range in age from 124 or 136 years old. Each comparable has a basement with finished area. Three comparables each have central air conditioning, two comparables each have one fireplace, and one comparable has a two-car garage. The comparables have improvement assessments ranging from \$46,334 to \$57,516 or from \$36.74 to \$45.00 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 as well as the board of review comparables due to differences in their larger dwelling sizes, finished basements and varying differences in other features when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4. These comparables are similar to the subject in location, dwelling size, age, unfinished basement, and other features. These two comparables have improvement assessments of \$52,570 and \$50,086 or \$33.19 per square foot of living area, respectively. The subject's improvement assessment of \$46,638 or \$34.57 per square foot of living area falls below the improvement assessments of the two best comparables in the record on an overall basis and below the comparables on a per-square-foot basis. After considering the economies of scale and adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
