

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ollie Nolan
DOCKET NO.: 20-34291.001-R-1
PARCEL NO.: 13-13-324-018-0000

The parties of record before the Property Tax Appeal Board are Ollie Nolan, the appellant, by attorney Ellen G. Berkshire, of Verros Berkshire in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,875
IMPR.: \$49,262
TOTAL: \$56,137

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,431 square feet of living area. The dwelling is approximately 13 years old. Features of the home include a finished basement, central air conditioning, three fireplaces, and a 2-car garage. The property has a 3,125 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-78 dwellings of frame exterior construction ranging in size from 2,071 to 2,520 square feet of living area. The dwellings are each one-year-old, have finished basements, central air

conditioning, one fireplace, and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$11,658 to \$21,177 or from \$4.63 to \$9.00 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$17,333 or \$7.13 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$56,137. The subject property has an improvement assessment of \$49,262 or \$20.26 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code as the subject. The comparables are improved with class 2-78, two-story dwellings of frame exterior construction ranging in size from 2,025 to 2,470 square feet of living area. The dwellings are from 4 to 16 years old, and have basements, three of which have finished area. The comparables each have central air conditioning and a 2-car garage. Three comparables have one or two fireplaces. The comparables have improvement assessments ranging from \$49,885 to \$66,511 or from \$20.34 to \$30.83 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record does not support a reduction in the subject's assessment.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review comparable #1 which are less similar to the subject in age and dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the board of review comparables #2 through #4 which are more similar to the subject in age, building size, and most features. These three comparables have improvement assessments ranging from \$49,885 to \$66,511 or from \$20.34 to \$27.42 per square foot of living area. The subject's improvement assessment of \$49,262 or \$20.26 per square foot of living area falls below the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
