

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jim O'Kane  
DOCKET NO.: 20-35069.001-R-1  
PARCEL NO.: 13-04-215-046-0000

The parties of record before the Property Tax Appeal Board are Jim O'Kane, the appellant, by attorney Ellen G. Berkshire, of Verros Berkshire in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$8,437  
**IMPR.:** \$53,202  
**TOTAL:** \$61,639

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry exterior construction with 3,157 square feet of living area. The dwelling is approximately 77 years old. Features of the dwelling include a finished basement, central air conditioning, one fireplace, and a 1-car garage. The property has a 6,250 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same neighborhood code as the subject property and within 0.6 of a mile from the subject. The comparables are improved with class 2-06 dwellings of masonry or frame and masonry exterior construction ranging in size from 2,564 to 3,123 square feet of living area. The

dwelling range in age from 69 to 78 years old. Each comparable has a basement, two of which have finished area, central air conditioning, and either a 1-car, a 3-car, or a 3.5-car garage. Three comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$35,823 to \$52,444 or from \$13.54 to \$16.79 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$47,134 or \$14.93 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$61,639. The subject property has an improvement assessment of \$53,202 or \$16.85 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same neighborhood code as the subject and on the same block or .25 of a mile from the subject. The comparables are improved with class 2-06, two-story dwellings of masonry exterior construction ranging in size from 2,547 to 3,135 square feet of living area. The dwellings range in age from 65 to 78 years old. Each comparable has a basement, two of which have finished area, central air conditioning, and either a 1-car or a 2-car garage. Three comparables have one or three fireplaces. The comparables have improvement assessments ranging from \$46,743 to \$53,974 or from \$17.15 to \$18.35 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #2 and the board of review's comparable #2 due to differences in their dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are relatively similar to the subject in location, dwelling size, age, and foundation type but have varying degrees of similarity to the subject in other features. These six comparables have improvement assessments ranging from \$41,435 to \$53,974 or from \$13.54 to \$17.32 per square foot of living area. The subject's improvement assessment of \$53,202 or \$16.85 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, including but not limited to a lack of a basement finish, an additional fireplace, and/or larger garage size, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
