

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William McAlester  
DOCKET NO.: 21-00482.001-R-1  
PARCEL NO.: 13-13-107-001

The parties of record before the Property Tax Appeal Board are William McAlester, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$46,514  
**IMPR.:** \$79,124  
**TOTAL:** \$125,638

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of wood siding exterior construction with 1,634 square feet of living area. The dwelling was constructed in 1942. Features of the home include an unfinished basement, a fireplace, a 462 square foot garage and a utility building containing 1,440 square feet of building area. The property has a 133,938 square foot site and is located in Barrington, Cuba Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five suggested equity comparables that are in the same assessment neighborhood code as the subject and located within 0.54 of a mile from the subject property. The comparables are improved with 1-story dwellings of brick, frame or brick and frame exterior construction ranging in size from 1,229 to 1,960 square feet of living area were built from 1924 to 1956, with comparable #3 having effective age of 1947. Each comparable has a basement, two with finished area and one of walk out design. Each comparable has one or two fireplaces. Four comparables each have a garage ranging in size from 418 to 560 square feet of building area. Three comparables each have central air conditioning. The comparables have

improvement assessments ranging from \$51,938 to \$82,281 or from \$41.86 to \$43.54 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$69,379 or \$42.46 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$125,638. The subject property has an improvement assessment of \$79,124 or \$48.42 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five suggested equity comparables that are in the same assessment neighborhood code as the subject and located within 0.58 of a mile from the subject property. The comparables are improved with 1-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 1,575 to 2,282 square feet of living area that were built from 1946 to 1962, with comparable #1 having effective age of 1950. Each comparable has a basement, three with finished area and two of walk out design. Each comparable has one or two fireplaces and a garage ranging in size from 441 to 1,100 square feet of building area. Four comparables each have central air conditioning. The comparables have improvement assessments ranging from \$83,483 to \$116,378 or from \$45.17 to \$69.60 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted ten suggested comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #2 through #5 and board of review comparables #2 through #5 due to their dissimilar dwelling size and/or their finished basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 along with the board of review comparable #1 which are most similar to the subject in location, design, dwelling size and age. However, the Board finds the two comparables have central air conditioning, not a feature of the subject, and both comparables lack a 1,440 square foot utility building, a feature of the subject, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, these two most similar comparables have improvement assessments of \$67,308 and \$86,545 or \$43.54 and \$49.20 per square foot of living area. The subject property has an improvement assessment of \$79,124 or \$48.42 per square foot of living area, which is bracketed by the best comparables in this record. Based on this record, and after considering adjustments for differences between the best equity comparables and the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
