

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Sosan  
DOCKET NO.: 21-00536.001-R-1  
PARCEL NO.: 04-21-110-006

The parties of record before the Property Tax Appeal Board are Joseph Sosan, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,740  
**IMPR.:** \$36,138  
**TOTAL:** \$41,878

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 2-story dwelling of wood siding exterior construction containing 1,680 square feet of living area. The dwelling was built in 1906 and is approximately 115 years old. Features of the home include a basement, central air conditioning, and a garage with 900 square feet of building area. The subject property consists of a 9,000 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 1-story or 2-story dwellings of wood siding or aluminum siding exterior construction that range in size from 1,407 to 2,016 square feet of living area. The dwellings are 93 to 115 years old. Each comparable has a basement and central air conditioning. Three

comparables each have one fireplace. Two comparables each have a 216 or 440 square foot garage. The comparables have improvement assessments that range from \$25,121 to \$36,304 or from \$17.71 to \$19.33 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$41,878. The subject property has an improvement assessment of \$36,138 or \$21.51 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject. Each comparable is improved with a 1-story<sup>1</sup> to 2-story dwellings of wood siding or aluminum siding exterior construction ranging in size from 1,573 to 1,801 square feet of living area. The dwellings were built from 1906 to 1929 with comparable #2 having an effective year built of 1944. Each comparable has a basement; two comparables have central air conditioning; and each comparable has a 400 to 1,616 square foot garage. The comparables have improvement assessments that range from \$38,441 to \$51,073 or from \$23.75 to \$30.45 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1 and #2 due to differences from the subject in dwelling size and lack of a garage.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in location, dwelling size, age, and most features. These comparables have improvement assessments that range from \$33,866 to \$51,073 or from \$19.21 to \$30.45 per square foot of living area. The subject's improvement assessment of \$36,138 or \$21.51 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

---

<sup>1</sup> The Board finds comparable #3 is reported to have a ground floor area of 504 square feet and above ground area of 1,677 square feet, suggesting this dwelling is part 2-story in design.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
