

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank & Virginia Comber
DOCKET NO.: 21-00538.001-R-1
PARCEL NO.: 14-32-401-053

The parties of record before the Property Tax Appeal Board are Frank & Virginia Comber, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,247
IMPR.: \$118,499
TOTAL: \$145,746

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of wood siding exterior construction containing 2,703 square feet of living area. The dwelling was built in 1978 and is approximately 43 years old. Features of the home include a basement, central air conditioning, one fireplace, and a garage with 576 square feet of building area. The subject property consists of a 26,900 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction that range in size from 2,690 to 3,236 square feet of living area. The dwellings are 32 to 45 years old. Each comparable has a basement, central air conditioning, one or two fireplaces, and a 670 to 912

square foot garage. The comparables have improvement assessments that range from \$107,875 to \$116,449 or from \$35.67 to \$40.42 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$145,746. The subject property has an improvement assessment of \$118,499 or \$43.84 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code. Comparable #3 is identical to appellants' comparable #3. Each comparable is improved with a 2-story dwelling of wood siding or brick exterior construction ranging in size from 2,690 to 2,736 square feet of living area. The dwellings were built from 1979 to 1987. Each comparable has a basement, central air conditioning, one or two fireplaces, and a 526 to 864 square foot garage. The comparables have improvement assessments that range from \$107,875 to \$128,951 or from \$40.10 to \$47.34 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration which includes the common comparable. The Board gives less weight to appellants' comparable #1 and #2 which are less similar to the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which includes the common comparable. These comparables are similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments that range from \$107,875 to \$128,951 or from \$40.10 to \$47.34 per square foot of living area. The subject's improvement assessment of \$118,499 or \$43.84 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
