

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Fern Pullman
DOCKET NO.: 21-00574.001-R-1
PARCEL NO.: 10-27-105-017

The parties of record before the Property Tax Appeal Board are Fern Pullman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,060
IMPR.: \$118,020
TOTAL: \$156,080

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of vinyl siding exterior construction with 2,754 square feet of living area. The dwelling was constructed in 2013 and is approximately 8 years old. Features of the home include a concrete slab foundation, central air conditioning, and a 462 square foot garage. The property has an approximately 8,476 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties that are located within .40 of a mile from the subject. The comparables are improved with 1-story dwellings of vinyl siding exterior construction ranging in size from 2,806 to 3,122 square feet of living area. The dwellings are 8 to 14 years old. The comparables each have a concrete slab foundation, central air conditioning and a garage with 625 or 642 square feet of

building area. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$113,189 to \$126,065 or from \$40.34 to \$40.63 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$156,080. The subject property has an improvement assessment of \$118,020 or \$42.85 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five comparable properties located within .35 of a mile from the subject. The comparables are improved with 1-story dwellings of vinyl siding or vinyl siding and brick exterior construction ranging in size from 2,754 to 2,814 square feet of living area. The dwellings were built from 2009 to 2013. Each comparable has a concrete slab foundation, central air conditioning, and a garage ranging in size from 462 to 660 square feet of building area. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$117,324 to \$121,015 or from \$42.23 to \$43.00 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable properties for the Board's consideration. The Board gives less weight to appellant's comparables #1, #3 and #4 which are less similar to the subject in dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in location, age, dwelling size and features. The best comparables have improvement assessments ranging from \$113,189 to \$121,015 or from \$40.34 to \$43.00 per square foot of living area. The subject's improvement assessment of \$118,020 or \$42.85 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
