

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Reidy
DOCKET NO.: 21-00592.001-R-1
PARCEL NO.: 12-28-307-045

The parties of record before the Property Tax Appeal Board are Michael Reidy, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,157
IMPR.: \$127,888
TOTAL: \$143,045

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story condominium unit of brick exterior construction with 1,788 square feet of living area. The dwelling was constructed in 1981. Features of the home include a concrete slab foundation, central air conditioning and a fireplace. The property has a 2,888 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three comparable properties that are located on same street and within the same assessment neighborhood code as the subject. The comparables are improved with 1-story condominium units of brick exterior construction containing 1,788 square feet of living area and were built in 1981. The comparables each have a concrete slab foundation, central air conditioning and a fireplace. The comparables have improvement assessments ranging from \$124,059 to \$127,888 or from \$69.38 to \$71.53 per

square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$147,294. The subject property has an improvement assessment of \$132,137 or \$73.90 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five comparable properties located on same street and within the same assessment neighborhood code as the subject. Comparable #5 is identical to appellant's comparable #3. The comparables are improved with 1-story condominium units of brick exterior construction with each containing 1,788 square feet of living area. The dwellings were built in 1981. Each comparable has a concrete slab foundation, central air conditioning and a fireplace. The comparables have improvement assessments of \$127,888 or \$71.53 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of seven comparable properties for the Board's consideration, one of which was a common comparable. These comparables are identical to the subject in design, year built, dwelling size and most features. The comparables have improvement assessments ranging from \$124,059 to \$127,888 or from \$69.38 to \$71.53 per square foot of living area. The subject's improvement assessment of \$132,137 or \$73.90 per square foot of living area falls above the range established by the best comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is not supported. Based on this record, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
