

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patricia Francois
DOCKET NO.: 21-00602.001-R-1
PARCEL NO.: 07-21-104-002

The parties of record before the Property Tax Appeal Board are Patricia Francois, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,624
IMPR.: \$147,100
TOTAL: \$168,724

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 4,171 square feet of living area. The dwelling was constructed in 2002 and is approximately 19 years old. Features of the home include a basement with 1,674 square feet of finished area, central air conditioning, two fireplaces and a 952 square foot garage. The property has a 14,810 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparable properties that are located within .11 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 3,871 to 4,147 square feet of living area. The dwellings are 19 or 20 years old and have unfinished basements. Each comparable also has central air conditioning, one fireplace and a garage ranging in size

from 424 to 1,120 square feet of building area. The comparables have improvement assessments ranging from \$124,844 to \$130,917 or from \$31.19 to \$32.84 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$168,724. The subject property has an improvement assessment of \$147,100 or \$35.27 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five comparable properties located within .11 of a mile from the subject. Comparables #2, #3, #4 and #5 are identical to appellant's comparables #3, #1, #4 and #2, respectively. The board of review comparable #1 is described as 2-story dwelling of wood siding exterior construction with 3,887 square feet of living area. The dwelling was built in 2001 and has a basement with 1,526 square feet of finished area. This comparable also has central air conditioning, one fireplace and a garage with 708 square feet of building area. This comparable has an improvement assessment of \$133,375 or for \$34.31 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of five comparable properties for the Board's consideration, four of which were common to both parties. The comparables are similar in location, age and dwelling size. However, all the comparables have one less fireplace, four comparables have smaller garages and four comparables lack finished basement area suggesting upward adjustments are necessary to make them more equivalent to the subject. One comparable has a larger garage suggesting a downward adjustment is necessary to make it more equivalent to the subject. The comparables have improvement assessments ranging from \$124,844 to \$133,375 or from \$31.19 to \$34.31 per square foot of living area. The subject's improvement assessment of \$147,100 or \$35.27 per square foot of living area falls above the range established by the comparables in the record. However, after considering adjustments to the comparables for differences in features when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
