

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jim Streitenfeld  
DOCKET NO.: 21-00605.001-R-1  
PARCEL NO.: 10-33-404-009

The parties of record before the Property Tax Appeal Board are Jim Streitenfeld, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$33,472  
**IMPR.:** \$129,435  
**TOTAL:** \$162,907

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 3,438 square feet of living area. The dwelling was constructed in 1990 and is approximately 31 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace and an 806 square foot garage. The property has a 42,050 square foot site and is located in Hawthorn Woods, Fremont Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .45 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings that range in size from 3,420 to 3,740 square feet of living area. The dwellings range in age from 30 to 33 years old and have basements with one having finished area. Each

comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 736 to 1,036 square feet of building area. The comparables have improvement assessments that range from \$122,465 to \$132,404 or from \$35.40 to \$35.81 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$162,907. The subject property has an improvement assessment of \$129,435 or \$37.65 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .47 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick, vinyl siding or wood siding exterior construction that range in size from 3,443 to 3,674 square feet of living area. The comparables were built in 1989 or 1990 and have basements with four having finished area. Each comparable has central air conditioning, one to three fireplaces, and a garage ranging in size from 663 to 1,022 square feet of building area. The comparables have improvement assessments ranging from \$124,942 to \$149,817 or from \$35.55 to \$41.85 per square foot of living area.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparables to support their respective positions. The Board gives less weight to appellant's comparables #1, #3 and #4 as well as board of review comparable #2 which have unfinished basements when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #2 and the remaining board of review comparables which are similar to the subject in location, age, dwelling size and some features. These comparables have improvement assessments that range from \$124,942 to \$149,817 or from \$35.52 to \$41.85 per square foot of living area. The subject's improvement assessment of \$129,435 or \$37.65 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering the adjustments to the best comparables for differences from the subject property, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed. The Board finds the assessment of the subject property as established by the board of review is correct and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
