

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frederick Weinberg  
DOCKET NO.: 21-00606.001-R-1  
PARCEL NO.: 10-22-312-010

The parties of record before the Property Tax Appeal Board are Frederick Weinberg, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$40,517  
**IMPR.:** \$96,595  
**TOTAL:** \$137,112

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of vinyl siding and brick exterior construction with 2,317 square feet of living area. The dwelling was constructed in 2008 and is approximately 13 years old. Features of the home include a concrete slab foundation, central air conditioning and a 520 square foot garage. The property has a 11,400 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .54 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are improved with 1-story dwellings that range in size from 2,626 to 2,664 square feet of living area. The dwellings are 13 or 14 years old. Each comparable has central air conditioning and a garage with 460 or 540

square feet of building area. One comparable has a fireplace. The comparables have improvement assessments that range from \$104,753 to \$106,100 or from \$39.83 to \$40.11 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$137,112. The subject property has an improvement assessment of \$96,595 or \$41.69 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .26 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are improved with 1-story dwellings of vinyl siding or vinyl siding and brick exterior construction that range in size from 2,287 to 2,317 square feet of living area. The comparables were built from 2008 to 2012 and have concrete slab foundations. Each comparable has central air conditioning and a garage with 520 or 649 square feet of building area. One comparable has a fireplace. The comparables have improvement assessments ranging from \$96,747 to \$105,853 or from \$41.76 to \$46.28 per square foot of living area.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparables to support their respective positions that are similar to the subject in location, age, and most features. However, the Board gives less weight to the appellant's comparables which were less similar to the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the board of review comparables which are most similar to the subject in dwelling size, three of which are identical. The comparables have improvement assessments that range from \$96,747 to \$105,853 or from \$41.76 to \$46.28 per square foot of living area. The subject's improvement assessment of \$96,595 or \$41.69 per square foot of living area falls slightly the range established by the best comparables in this record. Based on this record and after considering the adjustments to the best comparables for differences from the subject property, the Board finds the subject's improvement assessment is well supported. Therefore, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
