

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Hadding
DOCKET NO.: 21-00610.001-R-1
PARCEL NO.: 07-17-403-037

The parties of record before the Property Tax Appeal Board are Mark Hadding, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,337
IMPR.: \$124,261
TOTAL: \$144,598

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.75-story dwelling of wood siding exterior construction with 3,088 square feet of living area. The dwelling was constructed in 1993 and is approximately 28 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 650 square foot garage. The property has an approximately 17,110 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .15 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are improved with 1-story or 2-story dwellings that range in size from 3,144 to 3,436 square feet of living area. The dwellings are 24 or 28 years old and have basements with one having finished area. Each comparable has

central air conditioning, one fireplace and a garage ranging in size from 504 to 868 square feet of building area. The comparables have improvement assessments that range from \$112,248 to \$123,296 or from \$32.67 to \$37.68 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$144,598. The subject property has an improvement assessment of \$124,261 or \$40.24 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .36 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of wood siding or wood siding and brick exterior construction that range in size from 2,928 to 3,195 square feet of living area. The comparables were built from 1993 to 2001 and have basements with finished area. Each comparable has central air conditioning, one or two fireplaces, and a garage ranging in size from 598 to 1,016 square feet of building area. Comparable #4 has an inground swimming pool. The comparables have improvement assessments ranging from \$124,637 to \$131,316 or from \$40.15 to \$42.57 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparables to support their respective positions. The Board gives less weight to the appellant's comparables due to differences in design, dwelling size and/or have unfinished basements when compared to the subject. The Board gives less weight to board of review comparable #4 which has an inground swimming pool that is not a subject feature. The Board finds the best evidence of assessment equity to be the remaining board of review comparables which are similar to the subject in location, age, dwelling size and some features. These four comparables have improvement assessments that range from \$124,637 to \$128,280 or from \$40.15 to \$42.57 per square foot of living area. The subject's improvement assessment of \$124,261 or \$40.24 per square foot of living area falls within the range established by the best comparables in this record on a square foot basis and slightly below on an overall basis. Based on this record and after considering the adjustments to the best comparables for differences from the subject property, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed. The Board finds the assessment of the subject property as established by the board of review is correct and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
