

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matt Krawiec
DOCKET NO.: 21-00618.001-R-1
PARCEL NO.: 12-18-313-010

The parties of record before the Property Tax Appeal Board are Matt Krawiec, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,252
IMPR.: \$114,629
TOTAL: \$142,881

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 2,114 square feet of living area. The dwelling was constructed in 1966 and is approximately 55 years old. Features of the home include a basement, central air conditioning, two fireplaces and a 728 square foot garage. The property has a 16,220 square foot site and is located in Lake Bluff, Shields Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .51 of a mile from the subject property and have the same assessment neighborhood code as the subject property. The comparables are improved with 1.5-story or 2-story dwellings of brick or wood siding exterior construction that range in size from 1,960 to 2,794 square feet of living area. The dwellings are 34 to 63 years old and have basements, one

of which has finished area. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 400 to 772 square feet of building area. The comparables have improvement assessments that range from \$92,653 to \$128,530 or from \$46.00 to \$51.64 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$142,881. The subject property has an improvement assessment of \$114,629 or \$54.22 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on nine equity comparables located within .54 of a mile from the subject property and have the same assessment neighborhood code as the subject property. Comparable #5 is identical to appellant's comparable #4. The comparables are improved with 2-story dwellings of wood siding, brick, or wood siding and brick exterior construction ranging in size from 1,926 to 2,384 square feet of living area. The comparables were built from 1971 to 1977 with comparable #5 having an effective year built of 1983. Each comparable has a basement; four comparables have central air conditioning; and each comparable has a fireplace and a garage ranging in size from 400 to 608 square feet of building area. Comparable #2 has an additional 832 square foot garage and a gazebo. Comparable #4 has a clay tennis court. The comparables have improvement assessments ranging from \$106,394 to \$123,117 or from \$51.64 to \$56.64 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted information on eight comparables to support their respective positions which includes the common comparable. The Board gives less weight to appellant's comparable #2 which is less similar to the subject in dwelling size and has finished basement area when compared to the subject. The Board gives less weight to board of review comparable #2 which has an additional garage unlike the subject.

The Board finds the best evidence of assessment equity to be the remaining comparables in the record which includes the common comparable. The comparables are similar to the subject in location, age, dwelling size, and most features. These comparables have improvement assessments that range from \$92,653 to \$123,117 or from \$46.18 to \$56.64 per square foot of living area. The subject's improvement assessment of \$114,629 or \$54.22 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering the adjustments to the best comparables for differences from the

subject property, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed. The Board finds the assessment of the subject property as established by the board of review is correct and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
