

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tyler Burgess
DOCKET NO.: 21-00789.001-R-1
PARCEL NO.: 14-33-111-047

The parties of record before the Property Tax Appeal Board are Tyler Burgess, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,916
IMPR.: \$220,952
TOTAL: \$266,868

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 4,166 square feet of living area. The dwelling was constructed in 1992. Features of the home include an unfinished basement, central air conditioning, three fireplaces, a garage containing 854 square feet of building area, and an inground swimming pool. The property has a 52,170 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .91 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of 2-story dwellings of wood siding or brick exterior construction ranging in size from 3,054 to 4,746 square feet of living area. The homes were built from 1977 to 1998. Each dwelling has central air conditioning, one or two fireplaces, an unfinished basement, and a garage ranging in size

from 672 to 972 square feet of building area. The parcels range in size from 37,140 to 67,030 square feet of land area. The comparables sold from April to October 2020 for prices ranging from \$400,000 to \$720,000 or from \$124.96 to \$160.80 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$202,705, for an estimated market value of \$608,176 or \$145.99 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$266,868. The subject's assessment reflects a market value of \$802,611 or \$192.66 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .69 of a mile of the subject, four of which are in the subject's assessment neighborhood. The comparables consist of 1.5-story, 2-story, or part 1-story and part 2-story dwellings¹ of wood siding exterior construction ranging in size from 3,463 to 5,142 square feet of living area. The dwellings were built from 1973 to 1996. Each dwelling has central air conditioning, one or two fireplaces, an unfinished basement, and a garage ranging in size from 528 to 872 square feet of building area. The parcels range in size from 41,490 to 60,220 square feet of land area. The comparables sold from May to November 2021 for prices ranging from \$685,000 to \$950,000 or from \$184.75 to \$198.38 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables #4 and #5, as well as board of review comparables #1 and #2, due to differences in age and/or dwelling size when compared to the subject.

The Board finds the best evidence of market value to be appellant's comparable sales #1 through #3 and board of review comparable sales #3 through #5, which are similar to the subject in age, location, dwelling size, and some features, noting that each comparable lacks an inground swimming pool, suggesting upward adjustments would be necessary to make them more

¹ Although the board of review's grid describes comparable #1 as a one-story dwelling, the grid reports an 816 square foot ground floor and 5,142 square feet of above ground living area, indicating that this property is a part two-story dwelling.

equivalent to the subject. These most similar comparables sold for prices ranging from \$540,000 to \$760,000 or from \$144.73 to \$196.48 per square foot of living area, including land. The subject's assessment reflects a market value of \$802,611 or \$192.66 per square foot of living area, including land, which is within the range established by the best comparable sales in this record on a per-square-foot basis. While the subject's estimated market value is above the range overall, the Board finds it logical given the subject's dwelling size and inground swimming pool amenity in relation to the best comparables. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
