

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Yin  
DOCKET NO.: 21-00823.001-R-1  
PARCEL NO.: 15-16-207-015

The parties of record before the Property Tax Appeal Board are Scott Yin, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$34,076  
**IMPR.:** \$184,299  
**TOTAL:** \$218,375

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 3,662 square feet of living area. The dwelling was constructed in 2001. Features of the home include a basement, central air conditioning, a fireplace, and a 651 square foot garage. The property has an approximately 13,940 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.14 of a mile from the subject. The parcels range in size from 10,150 to 12,200 square feet of land area and are improved with 2-story homes of brick or wood siding exterior construction ranging in size from 3,224 to 3,848 square feet of living area. The dwellings were built in 2000 or 2001. Each home has a basement, three of which have finished area, central air conditioning, and a garage ranging

in size from 651 to 733 square feet of building area. Two homes each have a fireplace. The comparables sold from September 2020 to January 2021 for prices ranging from \$575,000 to \$647,000 or from \$149.43 to \$181.38 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$218,375. The subject's assessment reflects a market value of \$656,767 or \$179.35 per square foot of living area, land included, when using the 2021 three year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 0.18 of a mile from the subject. Comparables #1 and #4 are the same properties as the appellant's comparables #1 and #2, respectively. Comparables #2 and #3 have 9,820 or 10,400 square foot sites that are improved with 2-story homes of brick or wood siding exterior construction with 3,281 or 3,753 square feet of living area. The dwellings were built in 1994 or 2000. Each home has a basement, one of which has finished area, central air conditioning, one or two fireplaces, and a 484 or a 638 square foot garage. These two comparables sold in June 2020 and September 2021 for prices of \$626,000 and \$735,000 or for \$190.80 and \$195.84 per square foot of living area, including land.

The board of review submitted a listing sheet for the subject property disclosing the subject sold in May 2022 for \$765,000. The listing sheet presented by the board of review also included an addendum entitled "Remodeling list" which is referenced in the listing sheet as an "upgrade list." The addendum describes various remodeling and replacements, such as a new roof, remodeled bathrooms, new kitchen appliances, and finished basement area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

As an initial matter, the Board gives little weight to the 2022 sale of the subject and the upgrades presented in the listing sheet for that sale. The Board finds the May 2022 sale is less proximate in time to the assessment date and is less likely to be indicative of market value as of that date. Moreover, the Board finds the board of review did not demonstrate that the listed upgrades to the subject property were complete as of the assessment date at issue in this appeal.

The record contains six comparable sales, with two common sales, for the Board's consideration. The Board gives less weight to the appellant's comparable #4 and the board of review's

comparable #3, which are less similar to the subject in dwelling size than the other comparables in this record.

The Board finds the best evidence of market value to be the appellant's comparable #1/board of review's comparable #1, the appellant's comparable #2/board of review's comparable #4, the appellant's comparable #3, and the board of review's comparable #2, which are more similar to the subject in dwelling size, age, location, lot size, and features. These most similar comparables sold for prices ranging from \$575,000 to \$735,000 or from \$149.43 to \$195.84 per square foot of living area, including land. The subject's assessment reflects a market value of \$656,767 or \$179.35 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
