

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sergey Grigorovich
DOCKET NO.: 21-00850.001-R-1
PARCEL NO.: 15-23-201-016

The parties of record before the Property Tax Appeal Board are Sergey Grigorovich, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$66,903
IMPR.: \$95,859
TOTAL: \$162,762

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 3,143 square feet of living area. The dwelling was constructed in 1967 and has an effective age of 1978. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 552 square feet of building area. The property has a 22,220 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .46 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of one-story dwellings of wood siding or brick exterior construction ranging in size from 2,620 to 3,157 square feet of living area. The homes were built in 1957 or 1968, with comparables #1 and #2 having effective ages of 1964. Each dwelling has central air conditioning and a garage ranging

in size from 380 to 529 square feet of building area. Two comparables have crawl-space foundations and one comparable has a basement with finished area. Two comparables each have either one or three fireplaces. The parcels range in size from 20,040 to 23,520 square feet of land area. The comparables sold in August 2020 or March 2021 for prices ranging from \$345,000 to \$450,000 or from \$131.68 to \$142.54 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$134,117, for an estimated market value of \$402,391 or \$128.03 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$162,762. The subject's assessment reflects a market value of \$489,510 or \$155.75 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within .46 of a mile of the subject and within the subject's assessment neighborhood. Comparable #1 is the same property as appellant comparable #3. The comparables consist of one-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,051 to 3,340 square feet of living area. The dwellings were built from 1968 to 1976, with comparable #3 having an effective age of 1974. Each dwelling has central air conditioning and a garage ranging in size from 506 to 552 square feet of building area. Two comparables have crawl-space foundations and one comparable has a basement with finished area. Two comparables each have either one or two fireplaces. The parcels range in size from 20,040 to 21,780 square feet of land area. The comparables sold from May 2020 to May 2021 for prices ranging from \$450,000 to \$620,000 or from \$142.54 to \$185.63 per square foot of living area, including land. The board of review also submitted a memorandum critiquing the appellant's comparables and arguing that board of review comparable #3 is the best indicator of the subject's value. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of five comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board finds the parties' comparables are not truly similar to the subject due to differences in dwelling size, foundation, age/effective age, and/or features. Nevertheless, the Board gives less weight to the appellant's comparables #1 and #2 due to their dissimilar dwelling size when compared to the subject.

The Board finds the best evidence of market value to be the parties' common comparable and board of review comparable sales #2 and #3, which are similar to the subject in age, location, dwelling size, and some features, noting that two comparables lack a basement suggesting upward adjustments would be necessary to make them more equivalent to the subject. These most similar comparables sold for prices of \$450,000 and \$620,000 or for \$142.54 and \$185.63 per square foot of living area, including land. The subject's assessment reflects a market value of \$489,509 or \$155.75 per square foot of living area, including land, which is bracketed by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
