

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank Paparone  
DOCKET NO.: 21-00855.001-R-1  
PARCEL NO.: 14-03-305-008

The parties of record before the Property Tax Appeal Board are Frank Paparone, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$30,682  
**IMPR.:** \$136,795  
**TOTAL:** \$167,477

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 3,066 square feet of living area. The dwelling was constructed in 1998. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 693 square feet of building area. The property has a 40,390 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within .53 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 2,432 to 2,985 square feet of living area. The homes were built from 1983 to 2002. Each dwelling has central air conditioning, an unfinished basement, and a garage ranging in size from

638 to 960 square feet of building area. Two comparables each have one or two fireplaces. The parcels range in size from 40,450 to 45,470 square feet of land area. The comparables sold from March to June 2020 for prices of \$385,000 or \$398,000 or from \$128.98 to \$158.31 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$142,242, for an estimated market value of \$426,769 or \$139.19 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$167,477. The subject's assessment reflects a market value of \$503,690 or \$164.28 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within .5 of a mile of the subject, two of which are in the subject's assessment neighborhood. Comparable #1 is the same property as appellant comparables #1. The comparables consist of two-story dwellings of wood siding, brick, or wood siding and brick exterior construction ranging in size from 2,432 to 3,622 square feet of living area. The dwellings were built from 1986 to 2002. Each dwelling has central air conditioning, an unfinished basement, and a garage ranging in size from 874 to 1,106 square feet of building area. Three comparables each have one to three fireplaces. The parcels range in size from 40,330 to 69,840 square feet of land area. The comparables sold from May 2020 to February 2021 for prices ranging from \$385,000 to \$619,000 or from \$138.62 to \$174.41 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board gives less weight to the appellant's comparable #1/board of review comparable #1 as well as board of review comparable #3, due to differences in dwelling size when compared to the subject. Additionally, the Board also gives reduced weight to board of review comparables #2 and #3, which appear to be outliers due to their much higher sale prices compared to other sales in the record.

The Board finds the best evidence of market value to be appellant's comparable sales #2 and #3 along with board of review comparable sale #4, which are similar to the subject in dwelling size, location, and features. These most similar comparables sold for prices ranging from \$385,000 to \$435,000 or from \$128.98 to \$138.62 per square foot of living area, including land. The

subject's assessment reflects a market value of \$503,690 or \$164.28 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. However, the subject's higher estimated market value appears logical given the subject's newer dwelling compared to the best comparables. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
