

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Larry Kerulis
DOCKET NO.: 21-00861.001-R-1
PARCEL NO.: 14-07-101-068

The parties of record before the Property Tax Appeal Board are Larry Kerulis, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,877
IMPR.: \$153,143
TOTAL: \$194,020

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part 1-story part 2-story dwelling¹ of brick exterior construction with 3,577 square feet of living area. The dwelling was constructed in 1989. Features of the home include a basement, central air conditioning, three fireplaces, and a 682 square foot garage. The property has an approximately 13,100 square foot site and is located in North Barrington, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.91 of a mile from the subject. The parcels range in size from 10,140 to 15,320 square feet of land area and are

improved with 2-story or part 1-story part 2-story homes² of brick, wood siding, or brick and wood siding exterior construction. The homes range in size from 3,000 to 3,794 square feet of living area and were built from 1990 to 2000. Each home has a basement, two of which are walkout basements, central air conditioning, two fireplaces, and a garage ranging in size from 756 to 832 square feet of building area. The comparables sold from February 2020 to May 2021 for prices ranging from \$420,000 to \$524,900 or from \$123.17 to \$138.35 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$194,020. The subject's assessment reflects a market value of \$583,519 or \$163.13 per square foot of living area, land included, when using the 2021 three year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.83 of a mile from the subject. The parcels range in size from 9,870 to 15,730 square feet of land area and improved with 2-story or part 1-story part 2-story homes³ of wood siding, brick, or brick and wood siding exterior construction. The homes range in size from 3,000 to 3,794 square feet of living area and were built from 1989 to 2001. Four homes each have a basement, one of which is a walkout basement, and one home has a lower level. Each home features central air conditioning, one or two fireplaces, and a garage ranging in size from 598 to 890 square feet of building area. The comparables sold from January 2020 to November 2021 for prices ranging from \$580,000 to \$740,000 or from \$172.47 to \$200.27 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 and the board of review's comparables #1, #2, and #5, due to substantial differences from the subject in dwelling size, age, and/or foundation type.

² The appellant described comparables #1 and #2 as 1-story homes but also reported above ground living area for each home than is greater than its reported ground floor living area, suggesting these homes each have second floor living area.

³ The board of review described comparables #1, #3, and #5 as 1-story homes but also reported above ground living area for each home that is greater than its reported ground floor living area, suggesting these homes each have second floor living area.

The Board finds the best evidence of market value to be the appellant's comparables #3 and #4 and the board of review's comparables #3 and #4, which are more similar to the subject in dwelling size, age, location, site size, and features. These most similar comparables sold for prices ranging from \$460,000 to \$680,000 or from \$129.76 to \$194.79 per square foot of living area, including land. The subject's assessment reflects a market value of \$583,519 or \$163.13 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
