

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kay McCabe
DOCKET NO.: 21-00867.001-R-1
PARCEL NO.: 14-04-203-017

The parties of record before the Property Tax Appeal Board are Kay McCabe, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,001
IMPR.: \$150,138
TOTAL: \$181,139

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part one-story and part two-story dwelling¹ of wood siding exterior construction with 2,992 square feet of living area. The dwelling was constructed in 2016. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a garage containing 597 square feet of building area. The property has a 7,650 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales² located within .11 of a mile of the

¹ The Board finds the property record card submitted by the board of review reveals the subject is a part two-story dwelling.

² The appellant's grid contains two additional sales numbered as comparables #4 and #5, however, the grid lacks descriptive information for these sales and the Board will not consider them in its analysis.

subject and within the subject's assessment neighborhood. The comparables consist of part one-story and part two-story dwellings³ of wood siding exterior construction ranging in size from 2,574 to 2,881 square feet of living area. The homes were built in 2016 or 2018. Each dwelling has central air conditioning, an unfinished basement, and a garage containing either 521 or 653 square feet of building area. Comparable #2 has a fireplace. The parcels range in size from 7,150 to 9,910 square feet of land area. The comparables sold from January to November 2020 for prices ranging from \$452,500 to \$512,000 or from \$174.42 to \$188.10 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$164,959, for an estimated market value of \$494,926 or \$165.42 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$181,139. The subject's assessment reflects a market value of \$544,779 or \$182.08 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .53 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story or part one-story and part two-story dwellings⁴ of wood siding exterior construction ranging in size from 2,546 to 3,302 square feet of living area. The dwellings were built from 2015 to 2017. Each dwelling has central air conditioning, an unfinished basement, and a garage ranging in size from 428 to 653 square feet of building area. Three comparables each have a fireplace. The parcels range in size from 7,150 to 14,790 square feet of land area. The comparables sold from January 2020 to December 2021 for prices ranging from \$500,000 to \$630,000 or from \$176.60 to \$196.39 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

³ Although the appellant's grid describes the comparables as one-story dwellings, the grid reports a 1,153 square foot ground floor and 2,574 square feet of above ground living area for comparable #1, a 1,153 square foot ground floor and 2,722 square feet of above ground living area for comparable #2, and a 1,312 square foot ground floor and 2,881 square feet of above ground living area for comparable #3, indicating that these properties are part two-story dwellings.

⁴ Although the board of review's grid describes comparable #5 as a one-story dwelling, the grid reports a 1,312 square foot ground floor and 2,733 square feet of above ground living area, indicating that this property is a part two-story dwelling.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board finds these comparables are similar to the subject in age, location, dwelling size, and features. These comparables sold for prices ranging from \$452,500 to \$630,000 or from \$174.42 to \$196.39 per square foot of living area, including land. The subject's assessment reflects a market value of \$544,779 or \$182.08 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
