

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Curran  
DOCKET NO.: 21-00945.001-R-1  
PARCEL NO.: 15-01-203-034

The parties of record before the Property Tax Appeal Board are John Curran, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$61,540  
**IMPR.:** \$145,789  
**TOTAL:** \$207,329

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of wood siding exterior construction with 2,262 square feet of living area. The dwelling was constructed in 2005. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 441 square foot garage. The property has a 6,970 square foot site and is located in Lake Forest, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales that have the same assessment neighborhood code as the subject and are located within .13 of mile from the subject property. The comparables have sites that range in size from 6,970 to 9,580 square feet of land area. The comparables are improved with one-story dwellings of wood siding exterior construction containing 2,032 or 2,226 square feet of living area. The dwellings were built in 2004 or 2005.

Each comparable has a basement, central air conditioning, a fireplace and a 441 square foot garage. The comparables sold from March 2020 to June 2021 for prices ranging from \$515,000 to \$665,000 or from \$242.26 to \$293.99 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$207,329. The subject's assessment reflects a market value of \$623,546 or \$275.66 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales that have the same assessment neighborhood code as the subject and are located within .15 of a mile from the subject property. The board of review's comparable #4 is the same property as the appellant's comparable #2. The comparables have sites that contain 6,970 or 7,410 square feet of land area. The comparables are improved with one-story dwellings of wood siding exterior construction ranging in size from 1,994 to 2,290 square feet of living area. The dwellings were built in 2004 or 2005. The comparables each have a basement, two of which have finished area. Each comparable has central air conditioning, a fireplace and a 441 square foot garage. The comparables sold in May or September 2021 for prices ranging from \$650,000 to \$757,500 or from \$293.99 to \$330.79 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six suggested comparable sales for the Board's consideration, as one sale was common to the parties. The Board has given less weight to the appellant's comparables, as well as board of review comparables #3 and #4, which includes the common comparable, due to their lack of finished basement area and/or their smaller dwelling sizes, when compared to the subject.

The Board finds the best evidence of market value to be board of review comparables #1 and #2, which have finished basement area like the subject and are similar to the subject in location, dwelling size, design, age and some features. These two comparables sold in September 2021 for prices of \$700,500 and \$757,500 or for \$307.78 and \$330.79 per square foot of living area, including land. The subject's assessment reflects a market value of \$623,546 or \$275.66 per square foot of living area, including land, which is considerably less than the two most similar comparable sales contained in the record. Therefore, based on this record, the Board finds no reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
