

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anna Pios
DOCKET NO.: 21-00956.001-R-1
PARCEL NO.: 15-04-101-038

The parties of record before the Property Tax Appeal Board are Anna Pios, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,644
IMPR.: \$96,756
TOTAL: \$123,400

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a tri-level dwelling of wood siding exterior construction with 1,674 square feet of above ground living area. The dwelling was constructed in 1974. Features of the home include a lower level, an additional partial basement with finished area, central air conditioning, a fireplace and a 462 square foot garage. The property has a 9,330 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .85 of mile from the subject property. The comparables have sites that range in size from 6,500 to 11,030 square feet of land area. The comparables are improved with tri-level dwellings of wood siding exterior construction containing either 1,616 or 1,674 square feet of above ground living area. The dwellings were

built from 1975 to 1978 with comparable #3 having a reported effective age of 1979. The comparables each have a lower level with comparable #1 having an additional partial basement with finished area. Each comparable has central air conditioning and a garage containing either 462 or 483 square feet of building area. Three comparables each have a fireplace. The comparables sold from January to December 2020 for prices ranging from \$265,000 to \$353,000 or from \$158.30 to \$210.87 per square foot of above ground living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$123,400. The subject's assessment reflects a market value of \$371,128 or \$221.70 per square foot of above ground living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .38 of a mile from the subject property. The comparables have sites that range in size from 6,500 to 14,000 square feet of land area. The comparables are improved with tri-level dwellings of wood siding exterior construction, each containing 1,674 square feet of above ground living area. The dwellings were built from 1975 to 1977. The comparables each have a lower level with comparables #2, #3 and #4 having an additional partial basement, two of which have finished area. Each comparable has central air conditioning and a 462 square foot garage. Four comparables each have a fireplace. The comparables sold from March 2020 to July 2021 for prices ranging from \$381,000 to \$405,000 or from \$227.60 to \$241.94 per square foot of above ground living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #2, #3, #4 and #5, as well as board of review comparables #1 and #2 due to their lack of an additional partial basement, a feature of the subject.

The Board finds the best evidence of market value to be the appellant's comparable #1 and board of review comparables #3, #4 and #5, which are identical to the subject in dwelling size and similar to the subject in location, design, age, additional basement area and some features. However, one comparable lacks finished basement area, a feature of the subject, suggesting an upward adjustment would be required to make this comparable more equivalent to the subject. Nevertheless, the comparables sold from January 2020 to July 2021 for prices ranging from

\$353,000 to \$390,000 or from \$210.87 to \$232.97 per square foot of above ground living area, including land, respectively. The subject's assessment reflects a market value of \$371,128 or \$221.70 per square foot of above ground living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
