

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

8APPELLANT: Katherine Buntrock
DOCKET NO.: 21-01032.001-R-1
PARCEL NO.: 07-26-105-025

The parties of record before the Property Tax Appeal Board are Katherine Buntrock, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,166
IMPR.: \$102,155
TOTAL: \$123,321

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,306 square feet of living area. The dwelling was built in 1990. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a garage with 520 square feet of building area. The property has an approximately 12,430 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject property and located within 0.32 of a mile from the subject. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,208 to 2,464 square feet of living area. The homes were built from 1988 to 1991. Each comparable has a basement with one having finished area, central air

conditioning, one or two fireplaces, and a garage with 504 or 546 square feet of building area. The comparables sold from March to June 2020 for prices ranging from \$292,500 to \$319,000 or from \$126.42 to \$135.34 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$104,602 which reflects a market value of \$313,837 or \$136.10 per square foot of living area, land included.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$123,321. The subject's assessment reflects a market value of \$370,890 or \$160.84 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales with the same neighborhood code as the subject property and located within 0.30 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,306 to 2,466 square feet of living area. The dwellings were built from 1989 to 1992. Each comparable has a basement with two having finished area, central air conditioning, one or two fireplaces, and a garage that ranges in size from 504 or 736 square feet of building area. The comparables sold from July 2020 to August 2021 for prices ranging from \$375,000 to \$419,900 or from \$160.46 to \$182.09 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten comparable sales to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables to be similar to the subject in location, design, age, dwelling size, and most features. The properties sold from March 2020 to August 2021 for prices ranging from \$292,500 to \$419,900 or from \$126.42 to \$182.09 per square foot of living area, land included. The subject's assessment reflects a market value of \$370,890 or \$160.84 per square foot of living area, land included, which falls within the range established by the best comparable sales in this record. Based on the record and after considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's estimated market value as reflected by its assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
