

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Bloom
DOCKET NO.: 21-01049.001-R-1
PARCEL NO.: 12-31-210-009

The parties of record before the Property Tax Appeal Board are Robert Bloom, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$122,490
IMPR.: \$159,593
TOTAL: \$282,083

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 3,142 square feet of living area. The dwelling was constructed in 1961. Features of the home include a basement with finished area, central air conditioning, three fireplaces and a 1,040 square foot attached garage. The property has an approximately 39,300 square foot site and is located in Lake Forest, Shields Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 0.38 of a mile from the subject property. The comparables have sites that range in size from 23,130 to 42,290 square feet of land area and are improved with one-story dwellings of brick exterior construction ranging in size from 2,695 to 3,901 square feet of living area. The dwellings were built from 1950 to 1969. Each comparable has a basement with two having finished area. Each dwelling

has central air conditioning, from one to three fireplaces and an attached garage ranging in size from 440 to 676 square feet of building area. The properties sold from January 2020 to June 2021 for prices ranging from \$501,250 to \$780,000 or from \$176.62 to \$251.95 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$282,083. The subject's assessment reflects a market value of \$848,370 or \$270.01 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located from 0.13 of a mile to 1.01 miles from the subject property. The comparables have sites that range in size from 27,170 to 73,610 square feet of land area and are improved with one-story dwellings of brick, wood siding or brick and wood siding exterior construction that range in size from 3,201 to 3,551 square feet of living area. The homes were built from 1955 to 1969 with comparables #2 and #4 having effective ages of 1967 and 1980, respectively. Each comparable has a basement with two having finished area. Each dwelling has central air conditioning, two or three fireplaces and an attached garage ranging in size from 486 to 720 square feet of building area. Comparable #3 has a 616 square foot detached garage. The properties sold from February to September 2021 for prices ranging from \$750,000 to \$990,000 or from \$216.84 to \$304.24 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable sales for the Board's consideration. The Board gives less weight to appellant comparables #1, #3 and #4 along with board of review comparables #1 and #4 which are less similar to the subject in dwelling size and/or age/effective age than other properties in the record.

The Board finds the best evidence of market value to be appellant comparables #2 and #5 as well as board of review comparables #2 and #3 which are more similar to the subject in location, age, design and dwelling size, although these properties have varying degrees of similarity to the subject in basement features and garage size. These comparables sold from May 2020 to September 2021 for prices ranging from \$501,250 to \$860,000 or from \$176.62 to \$268.67 per square foot of living area, including land. The subject's assessment reflects a market value of \$848,370 or \$270.01 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record on an overall market value basis and

slightly higher than the range on a per square foot basis. Given the subject's somewhat larger dwelling size, finished basement area and garage size, relative to the best comparables, a higher per square foot value appears to be logical. Therefore, after considering appropriate adjustments to the comparables for differences from the subject, the Board finds the subject's assessment is justified and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
