

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jason Gunther
DOCKET NO.: 21-01059.001-R-1
PARCEL NO.: 14-01-206-003

The parties of record before the Property Tax Appeal Board are Jason Gunther, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,869
IMPR.: \$168,604
TOTAL: \$200,473

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,975 square feet of living area. The dwelling was constructed in 1990. Features of the home include a basement, central air conditioning, one fireplace, a 1,645 square foot garage and a 780 square foot inground swimming pool. The property has an approximately 42,150 square foot site and is located in Mundelein, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.30 of a mile from the subject property. The comparables have sites that range in size from 41,490 to 72,530 square feet of land area and are improved with two-story dwellings of wood siding or brick and wood siding exterior construction that range in size from 3,194 to 3,563 square feet of living area. The dwellings were built from 1981 to 1997. Each comparable has a basement, central air

conditioning, one or two fireplaces and a garage ranging in size from 714 to 892 square feet of building area. The properties sold from May to December 2020 for prices ranging from \$430,000 to \$484,000 or from \$121.25 to \$145.52 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$200,473. The subject's assessment reflects a market value of \$602,926 or \$151.68 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within 0.30 of a mile from the subject property. Board of review comparable #2 is the same property as the appellant's comparable #3. The comparables have sites that range in size from 40,500 to 50,127 square feet of land area and are improved with two-story dwellings of brick, frame or brick and frame exterior construction that range in size from 2,725 to 4,426 square feet of living area. The homes were built from 1985 to 2004. Each comparable has a basement, central air conditioning, one or three fireplaces and a garage ranging in size from 469 to 1,220 square feet of building area. Comparables #1 and #3 each have an inground swimming pool. The properties sold in August and October 2020 for prices ranging from \$477,000 to \$750,000 or from \$145.52 to \$175.05 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains five comparable sales for the Board's consideration, as one property was common to both parties. The Board finds neither parties' comparables are particularly similar to the subject in age, dwelling size, garage size, site size and other features. The comparables sold from May to December 2020 for prices ranging from \$430,000 to \$750,000 or from \$121.25 to \$175.05 per square foot of living area, including land. Board of review comparable #1 is considered to be most similar to the subject and sold for \$750,000 or \$169.45 per square foot of living area, land included. The subject's assessment reflects a market value of \$602,926 or \$151.68 per square foot of living area, including land, which falls within the range established by the comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
