

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Waqas Bhatti
DOCKET NO.: 21-01136.001-R-1
PARCEL NO.: 03-25-410-022

The parties of record before the Property Tax Appeal Board are Waqas Bhatti, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,687
IMPR.: \$85,636
TOTAL: \$99,323

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,131 square feet of living area. The dwelling was built in 2002. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a garage with 462 square feet of building area. The property has an approximately 7,200 square foot site and is located in Beach Park, Newport Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales with the same assessment neighborhood code as the subject property and located within 0.24 of a mile from the subject. The comparables have sites with either 7,200 or 9,100 square feet of land area. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,831 to 3,105 square feet of living area. The homes were built from 2002 to 2005. Each

comparable has an unfinished basement, central air conditioning, and a garage with either 462 or 667 square feet of building area. Two comparables each have one fireplace. The comparables sold from July to October 2020 for prices ranging from \$212,500 to \$282,000 or from \$73.63 to \$95.37 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$87,925 which reflects a market value of \$263,801 or \$84.25 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$99,323. The subject's assessment reflects a market value of \$298,716 or \$95.41 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located within 0.42 miles from the subject and with three of these comparables having the same assessment neighborhood code as the subject property. Board of review comparable #3 is the same property as comparable #2. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 3,105 to 3,149 square feet of living area. The dwellings were built from 2002 to 2008. Each comparable has an unfinished basement and a garage with either 462 or 641 square feet of building area. Four comparables each have central air conditioning and one fireplace. The comparables sold from June 2020 to October 2021 for prices ranging from \$282,000 to \$359,000 or from \$90.82 to \$115.36 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions, with one comparable common to both parties. The Board finds the parties' comparables to be similar to the subject in design, age, dwelling size, and most features. These properties sold from June 2020 to October 2021 for prices ranging from \$212,500 to \$359,000 or from \$73.63 to \$115.36 per square foot of living area, land included. The subject's assessment reflects a market value of \$298,716 or \$95.41 per square foot of living area, land included, which falls within the range established by the comparable sales in this record. Based on the record and after considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's estimated market value as reflected by its assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
