

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anna Kaplan  
DOCKET NO.: 21-01176.001-R-1  
PARCEL NO.: 16-26-406-050

The parties of record before the Property Tax Appeal Board are Anna Kaplan, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$98,912  
**IMPR.:** \$98,240  
**TOTAL:** \$197,152

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 2,538 square feet of living area. The dwelling was constructed in 1949 and has a reported effective age of 1953. Features of the home include a basement, central air conditioning, a fireplace and a 441 square foot garage. The property has a 23,400 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales that have the same assessment neighborhood code as the subject and are located within .29 of mile from the subject property. The comparables have sites that range in size from 11,720 to 24,100 square feet of land area. The comparables are improved with 2-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,364 to 3,040 square feet of living area. The dwellings were

built from 1928 to 1946 and have reported effective ages ranging from 1937 to 1955. The comparables each have a basement, two of which have finished area. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 288 to 500 square feet of building area. The comparables sold from May to September 2020 for prices ranging from \$440,000 to \$600,000 or from \$186.13 to \$197.37 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$197,152. The subject's assessment reflects a market value of \$592,938 or \$233.62 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .35 of a mile from the subject property. The board of review's comparable #5 is the same property as the appellant's comparable #3. The comparables have sites that range in size from 5,150 to 11,720 square feet of land area. The comparables are improved with 1.5-story or 2-story dwellings of stucco or brick and wood siding exterior construction ranging in size from 1,688 to 2,364 square feet of living area. The dwellings were built from 1931 to 1955 and have reported effective ages ranging from 1955 to 1975. The comparables each have a basement, three of which have finished area. Each comparable has central air conditioning and a fireplace. Four comparables each have a garage ranging in size from 231 to 462 square feet of building area. The comparables sold from June 2020 to August 2021 for prices ranging from \$385,000 to \$680,000 or from \$186.13 to \$289.98 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested comparable sales for the Board's consideration, as one sale was common to the parties. The Board has given less weight to the appellant's comparables #1 and #2, as well as board of review comparables #1, #2 and #4 which differ from the subject in dwelling size and/or have finished basement area in contrast to the subject's unfinished basement. Furthermore, board of review comparable #4 has no garage, a feature of the subject.

The Board finds the best evidence of market value to be the parties' common comparables, appellant's comparable #3/board of review comparable #5, and board of review comparable #3. The Board finds these two comparables are similar to the subject in location, dwelling size, design, age and some features. However, the Board finds both have significantly smaller site sizes when compared to the subject, suggesting upward adjustments would be required to make

the comparables more equivalent to the subject. Nevertheless, these two comparables sold in June 2020 and August 2021 for prices of \$440,000 and \$680,000 or for \$186.13 and \$289.98 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$592,938 or \$233.62 per square foot of living area, including land, which is bracketed by the two best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
