

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brad Nieder  
DOCKET NO.: 21-01197.001-R-1  
PARCEL NO.: 06-36-415-003

The parties of record before the Property Tax Appeal Board are Brad Nieder, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$13,219  
**IMPR.:** \$124,307  
**TOTAL:** \$137,526

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 3,022 square feet of living area, including a fully finished attic. The dwelling was constructed in 1999. Features of the home include a basement, central air conditioning and a 550 square foot garage. The property has a 7,700 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .50 of mile from the subject property. The comparables have sites that range in size from 10,020 to 20,470 square feet of land area. The comparables are improved with two-story dwellings of vinyl siding or wood siding exterior construction ranging in size from 2,688 to 3,113 square feet of living area. The dwellings were

built from 1994 to 2001. The comparables each have a basement, two of which have finished area. Each comparable has central air conditioning and a garage ranging in size from 504 to 621 square feet of building area. Four comparables each have one or two fireplaces. Comparable #5 has a fully finished attic. The comparables sold from June to October 2020 for prices ranging from \$296,000 to \$392,500 or from \$109.18 to \$136.95 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$137,526. The subject's assessment reflects a market value of \$413,612 or \$136.87 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .25 of a mile from the subject property. The comparables have sites that range in size from 9,920 to 12,630 square feet of land area. The comparables are improved with two-story dwellings of vinyl siding or wood siding exterior construction ranging in size from 2,554 to 3,189 square feet of living area. The dwellings were built from 1994 to 2004. The comparables each have a basement, two of which have finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 504 to 550 square feet of building area. Comparable #2 has a fully finished attic. The comparables sold from July 2020 to September 2021 for prices ranging from \$425,000 to \$575,000 or from \$157.95 to \$180.31 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #4 due to differences from the subject in site size and/or finished basement area. Furthermore, the appellant's comparable #4 has a smaller dwelling size when compared to the subject dwelling. The Board has given reduced weight to board of review comparables #2, #3 and #5 due to their smaller dwelling sizes and/or finished basement area when compared to the subject.

The Board finds the best evidence of market value to be the parties' remaining comparables, which have unfinished basements like the subject and are similar to the subject in location, dwelling size, design, age and some features. These four comparables sold from July 2020 to October 2020 for prices ranging from \$296,000 to \$575,000 or from \$109.18 to \$180.31 per square foot of living area, including land. The subject's assessment reflects a market value of

\$413,612 or \$136.87 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
