

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Schmitt  
DOCKET NO.: 21-01208.001-R-1  
PARCEL NO.: 06-22-401-031

The parties of record before the Property Tax Appeal Board are Daniel Schmitt, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$14,371  
**IMPR.:** \$95,618  
**TOTAL:** \$109,989

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 2,692 square feet of living area. The dwelling was constructed in 1998. Features of the home include a basement with finished area, central air conditioning, one fireplace and a 693 square foot garage. The property has an approximately 10,940 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 0.66 of a mile from the subject property. The comparables have sites that range in size from 6,600 to 13,250 square feet of land area and are improved with two-story dwellings of vinyl siding exterior construction that range in size from 1,982 to 2,781 square feet of living area. The dwellings were built from 1992 to 1995. Four comparables have a basement with one having finished area and one comparable

has a crawl space foundation. Each dwelling has central air conditioning, one fireplace and a garage ranging in size from 380 to 680 square feet of building area. The properties sold from March 2020 to January 2021 for prices ranging from \$226,900 to \$300,000 or from \$107.87 to \$115.70 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$109,989. The subject's assessment reflects a market value of \$330,794 or \$122.88 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.19 of a mile from the subject property. The comparables have sites that range in size from 10,000 to 17,590 square feet of land area and are improved with two-story dwellings of vinyl siding exterior construction ranging in size from 2,358 to 2,910 square feet of living area. The homes were built from 1994 to 1996. Each comparable has a basement with finished area, central air conditioning and a garage ranging in size from 400 to 714 square feet of building area. Four comparables each have one fireplace. The properties sold from November 2020 to October 2021 for prices ranging from \$320,000 to \$395,000 or from \$130.58 to \$166.60 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted ten comparable sales for the Board's consideration. The Board gives less weight to appellant comparables #1 through #4 along with board of review comparables #1 and #2 which are less similar to the subject in dwelling size, site size, foundation type and/or have unfinished basement area in contrast to the subject's finished basement.

The Board finds the best evidence of market value to be appellant comparable #5 and board of review comparables #3, #4 and #5 which are more similar to the subject in location, age, design, dwelling size and other features. These comparables sold from January to October 2021 for prices ranging from \$300,000 to \$395,000 or from \$107.87 to \$166.60 per square foot of living area, including land. The subject's assessment reflects a market value of \$330,794 or \$122.88 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
