

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scort Christy  
DOCKET NO.: 21-01234.001-R-1  
PARCEL NO.: 11-21-418-004

The parties of record before the Property Tax Appeal Board are Scort Christy, the appellant, by attorney Gregory Riggs of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$53,598  
**IMPR.:** \$65,390  
**TOTAL:** \$118,988

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a split-level dwelling of wood siding exterior construction with 1,337 square feet of above ground living area. The dwelling was constructed in 1963. Features of the home include a finished lower level,<sup>1</sup> central air conditioning and a 667 square foot garage. The property has a 9,968 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales that have the same assessment neighborhood code as the subject and are located within .33 of mile from the subject property. The comparables have sites that range in size from 10,812 to 11,488 square feet of land area.

---

<sup>1</sup> The appellant reported the subject dwelling has a finished lower level, which was not reported by the board of review nor was it included in the subject's property record card provided by the board of review.

The comparables are improved with split-level dwellings of frame exterior construction ranging in size from 1,259 to 1,667 square feet of above ground living area. The dwellings were built from 1960 to 1967. The comparables each have a finished lower level and two comparables each have an additional unfinished partial basement. Each comparable has central air conditioning. Three comparables each have one or two fireplaces and a garage ranging in size from 273 to 528 square feet of building area. The comparables sold from July 2020 to April 2021 for prices ranging from \$269,000 to \$368,000 or from \$213.66 to \$249.28 per square foot of above ground living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$118,988. The subject's assessment reflects a market value of \$357,859 or \$250.43 per square foot of above ground living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that are located within .29 of mile from the subject property, three of which have the same assessment neighborhood code as the subject. The board of review's comparable #1 is the same property as the appellant's comparable #3. The comparables have sites that range in size from 9,770 to 12,990 square feet of land area. The board of review described the dwellings as one-story designs of wood siding exterior construction ranging in size from 1,363 to 1,628 square feet of living area. The dwellings were built from 1960 to 1969 with comparable #3 having a reported effective age of 1974. The comparables each have a lower level, four of which have finished area and one of which has an additional unfinished partial basement. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 360 to 548 square feet of building area. The comparables sold from July 2020 to May 2021 for prices ranging from \$345,000 to \$435,000 or from \$249.28 to \$283.15 per square foot of above ground living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable sales for the Board's consideration, as one sale was common to the parties. The Board has given less weight to the appellant's comparable #4 due to its lack of a garage, a feature of the subject.

The Board finds the best evidence of market value to be the parties' remaining comparables, which includes the common comparable. These seven comparables are relatively similar to the subject in location, dwelling size, age and some features. The comparables sold from July 2020

to May 2021 for prices ranging from \$345,000 to \$435,000 or from \$218.96 to \$283.15 per square foot of above ground living area, including land, respectively. The subject's assessment reflects a market value of \$357,859 or \$250.43 per square foot of above ground living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
