

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carolyn Robertson
DOCKET NO.: 21-01240.001-R-1
PARCEL NO.: 11-08-311-015

The parties of record before the Property Tax Appeal Board are Carolyn Robertson, the appellant, by attorney Gregory Riggs of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$72,254
IMPR.: \$231,820
TOTAL: \$304,074

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,788 square feet of living area. The dwelling was constructed in 2002 and has a reported effective age of 2006. Features of the home include a basement, central air conditioning, two fireplaces, a 1,037 square foot garage and a 520 square foot inground swimming pool. The property has a 24,949 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .25 of mile from the subject property. The comparables have sites that range in size from 17,383 to 23,986 square feet of land area. The comparables are improved with two-story dwellings of frame, brick, frame and brick exterior construction ranging in size from 3,980 to 5,106 square feet of living area. The

dwelling were built from 2000 to 2007 with comparable #3 having a reported effective age of 2007. Each comparable has a basement, central air conditioning, one to four fireplaces and a garage ranging in size from 688 to 1,034 square feet of building area. The comparables sold from April 2018 to May 2021 for prices ranging from \$662,000 to \$965,000 or from \$166.33 to \$194.11 per square foot of living area, including land.

Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$347,406. The subject's assessment reflects a market value of \$1,044,830 or \$218.22 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales that have the same assessment neighborhood code as the subject and are located within .19 of a mile from the subject property. The comparables have sites that range in size from 15,032 to 30,302 square feet of land area. The comparables are improved with two-story dwellings of brick or frame and brick exterior construction ranging in size from 4,036 to 4,257 square feet of living area. The dwellings were built from 1993 to 2002. Each comparable has a basement, central air conditioning, a fireplace and a garage ranging in size from 708 to 1,004 square feet of building area. The comparables sold from December 2018 to August 2020 for prices ranging from \$873,000 to \$985,000 or from \$206.87 to \$231.38 per square foot of living area, including land.

The board of review asserted that the appellant's comparable #2 backs to metra tracks and the board of review's comparable #2 backs to power lines. The board of review also contended that the subject dwelling's 2006 effective age is due to remodeling of the kitchen, laundry room, and two bathrooms that was permitted work that occurred between 2015 and 2017 for a cost of \$79,800.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains eight suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #3 and #4, as well as board of review comparables #2 and #3 due to differences from the subject in dwelling size or their sale dates occurred in 2018, less proximate in time to the January 1, 2021 assessment date than the other comparable sales in the record.

The Board finds the best evidence of market value to be the appellant's comparables #1, #2 and #5, along with board of review comparable #1, which sold proximate in time to the assessment date at issue and are relatively similar to the subject in location, dwelling size, design, age and some features. However, the Board finds these four comparables lack an inground swimming pool, a feature of the subject, suggesting adjustments would be required to make these comparables more equivalent to the subject. Nevertheless, the comparables sold from February 2020 to May 2021 for prices ranging from \$795,000 to \$985,000 or from \$182.29 to \$231.38 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,044,830 or \$218.22 per square foot of living area, including land, which is greater than the best comparable sales in the record in terms of overall market value but within the range on a price per square foot basis. However, after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value reflected by its assessment is excessive. Therefore, based on this record the Board finds a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
