

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Oleksandra Moskalyk
DOCKET NO.: 21-01278.001-R-1
PARCEL NO.: 14-22-401-009

The parties of record before the Property Tax Appeal Board are Oleksandra Moskalyk, the appellant, by attorney Gregory Riggs of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,368
IMPR.: \$143,828
TOTAL: \$185,196

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,152 square feet of living area.¹ The dwelling was constructed in 1988. Features of the home include a basement, central air conditioning, a fireplace and a 735 square foot garage. The property has a 40,850 square foot site and is located in Kildeer, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales that have the same assessment neighborhood code as the subject and are located within .27 of a mile from the subject property.

¹ The parties differ as to the size of the subject dwelling. The Board finds the best evidence of size is found in the subject's property record card provided by the board of review, which contains a schematic diagram and dimensions of the improvements.

The comparables have sites that range in size from 43,280 to 58,304 square feet of land area. The comparables are improved with two-story dwellings of frame exterior construction ranging in size from 3,346 to 3,737 square feet of living area. The dwellings were built from 1985 to 1988 with comparable #2 having a reported effective age of 1988. Each comparable has a basement, central air conditioning, a fireplace and a garage ranging in size from 725 to 804 square feet of building area. The comparables sold from March 2020 to April 2021 for prices ranging from \$468,000 to \$640,000 or from \$139.87 to \$171.26 per square foot of living area, including land.

The appellant reported that the subject was purchased in July 2018 for a price of \$465,000. A copy of the Multiple Listing Service data sheet with remarks stating, "boundless opportunity to improve the interior living space with your finishing touches and grand vision for that dream home you have always wanted. A terrific value! Home is in great condition, being sold as-is."

Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$185,196. The subject's assessment reflects a market value of \$556,980 or \$176.71 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales that have the same assessment neighborhood code as the subject and are located within .81 of a mile from the subject property. The comparables have sites ranging in size from 41,990 to 66,180 square feet of land area. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,916 to 3,336 square feet of living area. The dwellings were built in 1987 or 1988. Each comparable has a basement, central air conditioning, a fireplace and a garage ranging in size from 462 to 855 square feet of building area. The comparables sold from January 2020 to May 2021 for prices ranging from \$550,000 to \$627,500 or from \$188.10 to \$190.78 per square foot of living area, including land.

The board of review also revealed the subject was purchased in July 2018 for a price of \$465,000 or \$147.53 per square foot of living area, including land.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

As an initial matter, the Board has given little weight to the subject's sale in July 2018, which occurred 29 months prior to the assessment date at issue and is thus less likely to be indicative of market value as of January 1, 2021.

The record contains seven suggested comparable sales for the Board's consideration. The Board has given reduced weight to the appellant's comparable #3 due to its larger dwelling size when compared to the subject.

The Board finds the best evidence of market value to be the parties' remaining comparables, which sold proximate in time to the assessment date at issue and are similar to the subject in location, dwelling size, design, age and some features. The comparables sold from January 2020 to May 2021 for prices ranging from \$468,000 to \$627,500 or from \$139.87 to \$190.78 per square foot of living area, including land. The subject's assessment reflects a market value of \$556,980 or \$176.71 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
