

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Fang Li
DOCKET NO.: 21-01281.001-R-1
PARCEL NO.: 14-18-202-014

The parties of record before the Property Tax Appeal Board are Fang Li, the appellant, by attorney Gregory Riggs of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,422
IMPR.: \$65,810
TOTAL: \$80,232

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 1,357 square feet of living area. The dwelling was constructed in 1967. Features of the home include a crawl space foundation, central air conditioning and a 368 square foot garage. The property has a 12,180 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales that have the same assessment neighborhood code as the subject and are located within .45 of a mile from the subject property. The comparables have sites that range in size from 8,930 to 9,740 square feet of land area. The comparables are improved with one-story dwellings of wood siding exterior construction ranging in size from 1,296 to 1,628 square feet of living area. The dwellings were built from 1951 to 1954. Each comparable has either a crawl space or a concrete slab foundation, central air

conditioning and a garage ranging in size from 336 to 480 square feet of building area. Two comparables each have a fireplace. The comparables sold from December 2019 to March 2021 for prices ranging from \$200,000 to \$255,000 or from \$142.86 to \$168.98 per square foot of living area, including land. The appellant reported that the subject was purchased in October 2018 for a price of \$164,500 or \$121.22 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,232. The subject's assessment reflects a market value of \$241,299 or \$177.82 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .41 of a mile from the subject property. The comparables have sites that range in size from 9,670 to 14,200 square feet of land area. The comparables are improved with one-story dwellings of wood siding exterior construction ranging in size from 1,080 to 1,240 square feet of living area. The dwellings were built in 1951 to 1955 with comparable #2 having a reported effective age of 1962. Each comparable has either a crawl space or a concrete slab foundation, central air conditioning and a garage ranging in size from 294 to 651 square feet of building area. The comparables sold from June 2020 to May 2021 for prices ranging from \$230,000 to \$250,000 or from \$185.48 to \$212.96 per square foot of living area, including land. The board of review also revealed the subject was purchased in October 2018 for a price of \$164,500 or \$121.22 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

As an initial matter, the Board has given little weight to the subject's sale in October 2018, which occurred 26 months prior to the assessment date at issue and is thus less likely to be indicative of market value as of January 1, 2021.

The record contains nine suggested comparable sales for the Board's consideration. The Board has given reduced weight to the appellant's comparable #1 and board of review comparable #4 due to differences from the subject in dwelling size.

The Board finds the best evidence of market value to be the parties' remaining comparables, which sold proximate in time to the assessment date at issue and are similar to the subject in location, dwelling size, design and some features. However, the Board finds these seven

comparables have older dwelling ages when compared to the subject's dwelling and six of the comparables have smaller site sizes when compared to the subject, suggesting upward adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables sold from December 2019 to March 2021 for prices ranging from \$200,000 to \$250,000 or from \$142.86 to \$208.51 per square foot of living area, including land. The subject's assessment reflects a market value of \$241,299 or \$177.82 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
