

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dainius Indriliunas
DOCKET NO.: 21-01330.001-R-1
PARCEL NO.: 06-21-108-023

The parties of record before the Property Tax Appeal Board are Dainius Indriliunas, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,580
IMPR.: \$63,859
TOTAL: \$77,439

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of vinyl siding exterior construction with 2,008 square feet of living area. The dwelling was built in 1993. Features of the home include a basement with finished area, central air conditioning, and one fireplace. The property has an approximately 20,500 square foot site and is located in Round Lake Beach, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales with the same assessment neighborhood code as the subject property and located from 0.46 of a mile to 1.14 miles from the subject. The comparables have sites that range in size from 5,230 to 7,910 square feet of land area. The comparables are improved with 2-story dwellings of vinyl siding exterior construction ranging in size from 1,800 to 2,369 square feet of living area. The homes were built from 1994

to 2001. Each comparable has a basement with two having finished area, central air conditioning, and a garage with either 400 or 576 square feet of building area. One comparable has one fireplace. The properties sold from November 2019 to July 2020 for prices ranging from \$195,500 to \$222,900 or from \$89.45 to \$108.61 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$67,027 which reflects a market value of \$201,101 or \$100.15 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$77,439. The subject's assessment reflects a market value of \$232,899 or \$115.99 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales with different assessment neighborhood codes than the subject property and located from 0.37 of a mile to 1.22 miles from the subject. The comparables have sites that range in size from 4,170 to 6,890 square feet of land area. The comparables are improved with 1.5-story or 2-story dwellings of vinyl siding or wood siding exterior construction ranging in size from 1,764 to 2,252 square feet of living area. The dwellings were built from 1948 to 1995. One comparable has a crawl space foundation and four comparables each have a basement with two having finished area. Two comparables each have central air conditioning. Two comparables each have one or two fireplaces. Four comparables each have a garage with either 360 or 400 square feet of building area. The comparables sold from December 2020 to September 2021 for prices ranging from \$225,000 to \$275,000 or from \$122.11 to \$133.07 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions. The Board gives less weight to the appellant's comparable #3 as well as board of review comparables #2 and #3 which are located over one mile from the subject and thus are less proximate in location to the subject than the other comparables in this record. Additionally, board of review comparable #2 lacks a basement which is a feature of the subject. The Board also gives less weight to the appellant's comparable #2 as well as board of review comparables #4 and #5 which differ from the subject in dwelling size, age and/or basement finish.

The Board finds the best evidence of market value to be the appellant's comparable #1 and board of review comparable #1 which are similar to the subject in location, design, age, dwelling size,

and some features, except each comparable has a garage which the subject lacks. These two properties sold in May 2020 and September 2021 for prices of \$195,500 and \$275,000 or for \$108.61 and \$122.11 per square foot of living area, land included, respectively. The subject's assessment reflects a market value of \$232,899 or \$115.99 per square foot of living area, land included, which is bracketed by the two best comparable sales in this record. Based on the record and after considering adjustments to the two best comparables for differences from the subject, the Board finds a reduction in the subject's estimated market value as reflected by its assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
