

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Teubert
DOCKET NO.: 21-01345.001-R-1
PARCEL NO.: 06-21-402-037

The parties of record before the Property Tax Appeal Board are John Teubert, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,717
IMPR.: \$53,127
TOTAL: \$71,844

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of vinyl siding exterior construction with 2,071 square feet of living area. The dwelling was built in 1994. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a garage with 420 square feet of building area. The property has an approximately 8,200 square foot site and is located in Round Lake Park, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales with the same assessment neighborhood code as the subject property. The comparables have sites that range in size from 5,020 to 7,450 square feet of land area. The comparables are improved with 1-story¹ dwellings

¹ The appellant's comparables were reported to be 1-story dwellings but each of their above ground living areas exceeds their ground floor living areas, suggesting that these comparables may be part 2-story dwellings.

of vinyl siding exterior construction with either 1,788 or 1,809 square feet of living area. The homes were built from 1993 to 1995. Each comparable has a basement with two having finished area, central air conditioning, one fireplace, and a garage with 462 square feet of building area. The properties sold from April 2018 to May 2020 for prices ranging from \$147,400 to \$183,745 or from \$82.44 to \$101.57 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$61,327 which reflects a market value of \$183,999 or \$88.85 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$71,844. The subject's assessment reflects a market value of \$216,072 or \$104.33 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales with the same assessment neighborhood code as the subject property. Board of review comparable #2 is the same property as the appellant's comparable #2, however, the board of review reported a second sale for this property which was not disclosed by the appellant. The comparables have sites that range in size from 4,170 to 7,450 square feet of land area. The comparables are improved with 1-story² or 2-story dwellings of vinyl siding exterior construction ranging in size from 1,627 to 2,252 square feet of living area. The homes were built in either 1993 or 1995. Each comparable has a basement with two having finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 400 to 462 square feet of building area. The properties sold from November 2020 to September 2021 for prices ranging from \$216,000 to \$275,000 or from \$111.01 to \$161.03 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparable sales for the Board's consideration, which includes two sales for the parties' common comparable. The Board gives less weight to the appellant's comparables #1, #2, and #4, which includes the common comparable, which present 2018 and 2019 sale dates occurring less proximate in time to the subject's January 1, 2021 assessment date than the other comparables in this record. Additionally, the appellant's comparables #1 and #4 have basement finish, which the subject lacks. The Board gives less

weight to board of review comparables #1, #3, #4, and #5 which differ from the subject in basement finish or are less similar in dwelling size to the subject than the other comparables in this record.

The Board finds the best evidence of market value to be the parties' remaining comparables which includes the 2021 sale for the common comparable. These comparables have sale date proximate in time to the subject's assessment date and are similar to the subject in location, age, dwelling size, and features. The two properties sold in May 2020 and September 2021 for prices of \$168,000 and \$216,000 or for \$92.87 and \$120.81 per square foot of living area, land included, respectively. The subject's assessment reflects a market value of \$216,072 or \$104.33 per square foot of living area, land included, which falls slightly above the two best comparable sales in this record on an overall market value basis is bracketed by them on a per square foot basis. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's estimated market value as reflected by its assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
