

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jason Zissman
DOCKET NO.: 21-01351.001-R-1
PARCEL NO.: 06-19-109-026

The parties of record before the Property Tax Appeal Board are Jason Zissman, the appellant, by attorney Gregory Riggs, of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,801
IMPR.: \$44,190
TOTAL: \$45,991

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story condominium unit of vinyl siding exterior construction with 1,430 square feet of living area. The dwelling was constructed in 2001. Features of the home a concrete slab foundation, central air conditioning, and a 220 square foot garage. The property is located in Round Lake Beach, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales with the same assessment neighborhood code as the subject property. The comparables are improved with 2-story condominium units of vinyl siding exterior ranging in size from 1,412 to 1,430 square feet of living area. The dwellings were built in 2001. Each comparable has a concrete slab foundation, central air conditioning, and a garage with 220 square feet of building area. The comparables sold in November 2019 and March 2020 for prices ranging from \$120,000 to \$129,000 or from

\$83.92 to \$90.85 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$39,996 which would reflect a market value of \$120,000 or \$83.92 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,991. The subject's assessment reflects a market value of \$138,319 or \$96.73 per square foot of living area, land included, when using the 2021 three year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales with the same assessment neighborhood code as the subject property. The comparables are improved with 2-story condominium units of vinyl siding exterior construction ranging in size from 1,412 to 1,430 square feet of living area. The dwellings were built from 1999 to 2001. Each comparable has a concrete slab foundation, central air conditioning, and a garage with 220 square feet of building area. One comparable has one fireplace. The comparables sold from February to October 2021 for prices ranging from \$142,000 to \$151,000 or from \$99.30 to \$106.94 per square foot of living area, land included. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 which present 2019 sale dates that occurred less proximate in time to the subject's January 1, 2021 assessment date than the other comparables in this record.

The Board finds the best evidence of market value to be the parties' remaining comparables which sold proximate in time to the subject's assessment date and are identical or nearly identical to the subject in location, design, age, dwelling sizes, and features. These comparables sold from March 2020 to October 2021 for prices ranging from \$129,000 to \$151,000 or from \$90.85 to \$106.94 per square foot of living area, land included. The subject's assessment reflects a market value of \$138,319 or \$96.73 per square foot of living area, land included, which falls within the range established by the best comparable sales in this record. Based on this record and after consideration of adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's estimated market value as reflected by its assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
