

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Miranda Welch
DOCKET NO.: 21-01399.001-R-1
PARCEL NO.: 06-26-207-008

The parties of record before the Property Tax Appeal Board are Miranda Welch, the appellant, by attorney Gregory Riggs of Tax Appeals Lake County in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,252
IMPR.: \$34,475
TOTAL: \$40,727

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story townhouse of vinyl siding exterior construction with 1,260 square feet of living area. The dwelling was constructed in 1973. Features of the home include a basement, central air conditioning and a 299 square foot detached garage. The property has a 2,040 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales that have the same assessment neighborhood code as the subject and are located within .20 of a mile from the subject property. The comparables have sites with either 1,530 or 1,550 square feet of land area. The comparables are improved with two-story townhouses of vinyl siding exterior construction, each built in 1973 and containing 1,260 square feet of living area. The comparables each have a basement, two of which have finished area. Each comparable has central air conditioning and a 299 square foot

detached garage. The comparables sold from January 2019 to March 2021 for prices ranging from \$81,000 to \$119,000 or from \$64.29 to \$94.44 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,727. The subject's assessment reflects a market value of \$122,487 or \$97.21 per square foot of living area, land included, when using the 2021 three-year average median level of assessment for Lake County of 33.25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales that have the same assessment neighborhood code as the subject and are located within .17 of a mile from the subject property. The comparables have sites that range in size from 1,540 to 2,030 square feet of land area. The comparables are improved with two-story townhouses of vinyl siding exterior construction, each built in 1973 and containing either 1,071 or 1,260 square feet of living area. The comparables each have a basement, two of which have finished area. Each comparable has central air conditioning and three comparables each have a 299 square foot detached garage. The comparables sold from July 2020 to October 2021 for prices ranging from \$119,900 to \$167,000 or from \$100.20 to \$132.54 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparable #2 due its sale date occurring 24 months prior to the assessment date at issue and is thus less likely to be indicative of market value as of January 1, 2021. The Board has given reduced weight to board of review comparable #1 which appears to be an outlier due to its considerably higher sale price of \$167,000 or \$132.54 per square foot of living area, including land when compared to the other sales in the record and to board of review comparable #5 due to its smaller dwelling size when compared to the subject.

The Board finds the best evidence of market value to be the parties' remaining comparables, which sold more proximate in time to the assessment date at issue, are similar to the subject in location and identical to the subject in dwelling size, design and age. However, the Board finds three of the five comparables have finished basement area, not a feature of the subject and one comparable has no garage, a feature of the subject, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, these five comparables sold from December 2019 to March 2021 for prices ranging from \$109,900 to \$135,000 or from \$87.22 to \$107.14 per square foot of living area, including land. The subject's assessment

reflects a market value of \$122,487 or \$97.21 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
