

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Peter Senatore
DOCKET NO.: 21-01600.001-R-1
PARCEL NO.: 11-16-306-008

The parties of record before the Property Tax Appeal Board are Peter Senatore, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$91,164
IMPR.: \$97,286
TOTAL: \$188,450

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 1,896 square feet of living area. The dwelling was constructed in 1926, is approximately 95 years old, and has an effective age of 1979.¹ Features of the home include a basement, central air conditioning, a fireplace, and a 220 square foot garage. The property has a 5,937 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of wood siding exterior construction ranging in

size from 2,198 to 2,424 square feet of living area. The dwellings range in age from 54 to 116 years old. Each home has a basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 240 to 529 square feet of building area. The comparables have improvement assessments ranging from \$96,912 to \$114,032 or from \$41.24 to \$47.39 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$188,450. The subject property has an improvement assessment of \$97,286 or \$51.31 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of wood siding or brick exterior construction ranging in size from 1,823 to 2,048 square feet of living area. The dwellings were built from 1905 to 1951 with comparables #2 and #3 having effective ages of 1987 and 1958, respectively. Each home has a basement, a fireplace, and one or two garages ranging in size from 220 to 528 square feet of building area. Three homes have central air conditioning. Comparable #4 has a fully finished attic. The comparables have improvement assessments ranging from \$83,360 to \$168,280 or from \$44.91 to \$85.60 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparable #5, due to substantial differences from the subject in dwelling size and/or year built. The Board also gives less weight to the board of review's comparable #1, which has an improvement assessment that is considerably higher than the other comparables in this record, suggesting this property is an outlier.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2, #3, and #4, which are more similar to the subject in dwelling size, year built, location, and some features. These comparables have improvement assessments that range from \$104,679 to \$135,842 or from \$57.23 to \$66.33 per square foot of living area. The subject's improvement

assessment of \$97,286 or \$51.31 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
