

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Deering
DOCKET NO.: 21-01602.001-R-1
PARCEL NO.: 11-21-116-002

The parties of record before the Property Tax Appeal Board are Michael Deering, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$69,374
IMPR.: \$211,595
TOTAL: \$280,969

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,409 square feet of living area. The dwelling was constructed in 2014 and is approximately 7 years old. Features of the home include a basement, central air conditioning, a fireplace and a 555 square foot garage. The property has an 8,132 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of wood siding exterior construction ranging in size from 2,424 to 3,110 square feet of living area. The dwellings range in age from 4 to 11 years old. Each home has a basement, central air conditioning, one or two fireplaces, and a

garage ranging in size from 469 to 616 square feet of building area. The comparables have improvement assessments ranging from \$141,817 to \$182,660 or from \$58.51 to \$9.58 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$280,969. The subject property has an improvement assessment of \$211,595 or \$62.07 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within the same assessment neighborhood code as the subject. Comparables #3, #4 and #5 are the same properties as the appellant's comparables #3, #2, and #4, respectively. Comparables #1 and #2 are improved with 2-story homes of wood siding exterior construction with 2,987 or 3,307 square feet of living area. The dwellings were built in 2012 or 2017. Each home has a basement, central air conditioning, two fireplaces, and a 538 or a 788 square foot garage. These two comparables have improvement assessments of \$208,389 and \$244,417 or of \$69.77 and \$73.91 per square foot of living area, respectively. Based on this evidence the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six equity comparables, with three common comparables, for the Board's consideration. The Board gives less weight to the appellant's comparable #1, the appellant's comparable #4/board of review's comparable #5, and the board of review's comparable #2, which are less similar to the subject in dwelling size than the other comparables in this record.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2/board of review's comparable #4, the appellant's comparable #3/board of review's comparable #3, and the board of review's comparable #1, which are more similar to the subject in dwelling size, age, location, and features. These comparables have improvement assessments that range from \$179,540 to \$244,417 or of \$58.73 and \$73.91 per square foot of living area. The subject's improvement assessment of \$211,595 or \$62.07 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
