

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michelle Caldwell
DOCKET NO.: 21-01662.001-R-1
PARCEL NO.: 02-36-403-022

The parties of record before the Property Tax Appeal Board are Michelle Caldwell, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$18,659
IMPR.: \$152,835
TOTAL: \$171,494

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 2,930 square feet of living area. The dwelling was constructed in 2014 and is approximately 7 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a garage containing 736 square feet of building area. The property is located in Lindenhurst, Lake Villa Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three suggested equity comparables that are in the same assessment neighborhood code as the subject and located within 0.23 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 3,280 to 3,535 square feet of living that are either 9 or 15 years old. Each comparable has an unfinished basement, one with finished area, central air conditioning, a fireplace and a garage ranging in size from 440 to 780 square feet of building area. The comparables have improvement assessments ranging from \$95,842 to \$106,594 or from \$29.22

to \$31.44 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$134,927 or \$30.27 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$171,494. The subject property has an improvement assessment of \$152,835 or \$34.28 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on six suggested equity comparables that are in the same assessment neighborhood code as the subject and located within 0.12 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,733 to 4,004 square feet of living area that were built from 2007 to 2014. Each comparable has an unfinished basement, central air conditioning, a fireplace and a garage ranging from 650 to 819 square feet of building area. The comparables have improvement assessments ranging from \$103,690 to \$141,168 or from \$35.26 to \$37.94 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted a total of nine comparable properties for the Board's consideration, eight of which are not truly similar to the subject due to considerably smaller dwelling sizes when compared to the subject. Nevertheless, these nine comparables have improvement assessments ranging from \$95,842 to \$141,168 or from \$29.22 to \$37.94 per square foot of living area. The subject's improvement assessment of \$152,835 or \$34.28 per square foot of living area, falls within the range established on a price per square foot basis but above the range on an overall improvement assessment, which is logical given the subject's larger dwelling size when compared to the best comparables contained in the record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
