

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jason Parkes  
DOCKET NO.: 21-01664.001-R-1  
PARCEL NO.: 06-02-105-010

The parties of record before the Property Tax Appeal Board are Jason Parkes, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,188  
**IMPR.:** \$53,963  
**TOTAL:** \$63,151

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a tri-level dwelling of wood siding exterior construction with 1,152 square feet of living area. The dwelling was constructed in 1974 and is approximately 47 years old. Features of the home include a finished lower level, a finished basement, a fireplace and a garage containing 480 square feet of building area. The property has a 10,010 square foot site and is located in Lindenhurst, Lake Villa Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables that are in the same assessment neighborhood code as the subject and located within 0.87 of a mile from the subject property. The comparables are improved with tri-level dwellings of wood siding exterior construction ranging in size from 1,176 to 1,372 square feet of living that ranges in age from 37 to 65 years old. Each comparable has a finished lower level, with three comparables having a finished basement. Each comparable has a garage ranging in size from 288 to 528 square feet of building area. Two comparables each have central air conditioning and a fireplace. The comparables have improvement assessments ranging from \$44,264 to \$52,791 or from \$35.58 to

\$39.87 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$43,660 or \$37.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$63,151. The subject property has an improvement assessment of \$53,963 or \$46.84 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on ten suggested equity comparables that are in the same assessment neighborhood code as the subject and located within 0.54 of a mile from the subject property. The comparables are improved with tri-level dwellings of wood siding exterior construction each containing 1,152 square feet of living area that were built from 1974 to 1979. Each comparable has a finished lower level, with one comparable having a finished basement, central air conditioning, and a garage ranging from 480 to 672 square feet of building area. Nine comparables each have a fireplace. The comparables have improvement assessments ranging from \$56,915 to \$59,877 or from \$49.41 to \$51.98 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted fourteen suggested comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #4 due to their dissimilar dwelling size and age when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 along with the board of review comparables which are most similar to the subject in location, design, age and some features. However, the Board finds the board of review comparables are identical in dwelling size to the subject, each comparable has central air conditioning, a feature the subject lacks, suggesting adjustments would be needed to make these comparables more equivalent to the subject. Nevertheless, these most similar comparables have improvement assessments ranging from \$47,521 to \$59,877 or from \$39.87 to \$51.98 per square foot of living area. The subject property has an improvement assessment of \$53,963 or \$46.84 per square foot of living area, which falls within the range of the best comparables in this record. Based on this record, and after considering differences between the best equity comparables and the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
