

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Keith Fisher  
DOCKET NO.: 21-01898.001-R-1  
PARCEL NO.: 16-26-404-026

The parties of record before the Property Tax Appeal Board are Keith Fisher, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$95,307  
**IMPR.:** \$132,525  
**TOTAL:** \$227,832

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,033 square feet of living area. The dwelling was constructed in 1925, is approximately 96 years old, and has an effective age of 1954. Features of the home include a crawl-space foundation, central air conditioning, four fireplaces, an attached 600 square foot garage, and a detached 820 square foot garage. The property has an approximately 33,990 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .2 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of two-story dwellings of wood siding or brick exterior construction ranging in size from 2,534 to 3,095 square feet of living area. The homes are 91 to

96 years old. Each dwelling has central air conditioning, a fireplace, and a basement with one having finished area.<sup>1</sup> Three comparables each have a garage ranging in size from 400 to 484 square feet of building area. The comparables have improvement assessments ranging from \$98,910 to \$118,743 or from \$38.37 to \$41.29 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$120,485 or \$39.72 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$227,832. The subject property has an improvement assessment of \$132,525 or \$43.69 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .43 of a mile of the subject and within the subject's assessment neighborhood. Comparable #2 is the same property as appellant comparable #3. The comparables consist of two-story dwellings of brick, stucco, brick and wood siding, stucco and wood siding, or brick and stucco exterior construction ranging in size from 2,619 to 3,377 square feet of living area. The homes were built from 1928 to 1949, with effective ages ranging from 1949 to 1989. Each dwelling has central air conditioning, one or two fireplaces, and a basement with finished area. Four comparables each have a garage ranging in size from 480 to 552 square feet of building area. The comparables have improvement assessments ranging from \$116,052 to \$163,538 or from \$40.23 to \$58.27 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board has given reduced weight to the appellant's comparable #2, as well as board of review comparables #1 and #5, due to differences in dwelling size, and/or effective age when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #1, #3, and #4 along with board of review comparables #2 through #4, which are similar to the subject in age/effective age, location, dwelling size, and some features, noting that each of the comparables has a basement suggesting downward adjustments would be necessary to make them more equivalent to the subject. These comparables have improvement assessments that range from

<sup>1</sup> Comparable #3 is a shared comparable, for which the board of review reported finished basement area.

\$111,729 to \$152,325 or from \$40.23 to \$56.02 per square foot of living area. The subject's improvement assessment of \$132,525 or \$43.69 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
