

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Keith Youngmann  
DOCKET NO.: 21-01902.001-R-1  
PARCEL NO.: 16-36-102-016

The parties of record before the Property Tax Appeal Board are Keith Youngmann, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$53,613  
**IMPR.:** \$89,032  
**TOTAL:** \$142,645

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2021 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick exterior construction with 1,986 square feet of living area. The dwelling was constructed in 1968 and is approximately 53 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a garage containing 264 square feet of building area. The property has an approximately 5,200 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within .46 of a mile of the subject and within the subject's assessment neighborhood. The comparables consist of one-story dwellings of brick exterior construction ranging in size from 1,523 to 1,623 square feet of living area. The homes are 61 to 70 years old.

Each dwelling has a fireplace and a basement with two having finished area. Two comparables have central air conditioning and three comparables each have a garage ranging in size from 286 to 441 square feet of building area. The comparables have improvement assessments ranging from \$58,943 to \$67,201 or from \$38.41 to \$41.51 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$78,794 or \$39.67 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$142,645. The subject property has an improvement assessment of \$89,032 or \$44.83 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables located within .59 of a mile of the subject and within the subject's assessment neighborhood. Comparables #2, #3, and #5 are the same properties as appellant comparables #3, #4, and #1, respectively. The comparables consist of one-story dwellings of brick exterior construction ranging in size from 1,612 to 1,913 square feet of living area. The homes were built from 1951 to 1981, with comparable #1 having an effective age of 1960. Four comparables have central air conditioning, four comparables each have a fireplace, four comparables each have a basement with three having finished area, one comparable has a crawl-space foundation, and four comparables each have a garage ranging in size from 286 to 550 square feet of building area. The comparables have improvement assessments ranging from \$61,913 to \$82,867 or from \$35.38 to \$51.12 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six equity comparables to support their respective positions before the Property Tax Appeal Board, with three comparables being common to the parties. The Board finds the parties' comparables are not truly similar to the subject due to differences in dwelling size, foundation, basement finish, and/or features. Nevertheless, the Board has given reduced weight to the appellant's comparable #1/board of review comparable #5 due to its lack of a garage, a feature of the subject. The Board also gives reduced weight to board of review comparables #1 and #4 due to differences in age or foundation when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #2 through #4, including two of the parties' shared comparables, which are somewhat similar in age, location, and some features. These comparables have improvement assessments that range from \$58,943 to \$67,201 or from \$38.70 to \$41.51 per square foot of living area. The subject's

improvement assessment of \$89,032 or \$44.83 per square foot of living area falls above the range established by the best comparables in this record. However, the Board finds this logical given the subject's newer age and larger dwelling compared to the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
